History: The Warren Knowles-Gaylord Nelson Stewardship Program was originally launched in 1990 and in its first 10 years was an outstanding success story in achieving its conservation and recreation goals by providing funding for land and easement acquisition and development of recreational facilities. With strong bipartisan support, the Stewardship program was renewed for an additional ten years as part of the 1999-01 Wisconsin State Budget, and renewed again through June 30, 2020 as part of the

2007-09 Wisconsin Biennial Budget. The URGP Local Assistance grant program was introduced as part of the original Stewardship Program. The source of funds is through general obligation borrowing. The state of Wisconsin sells bonds to investors now to raise the funds, then pays back the debt over the next 20 years.
