Notes:										
The department determined some projects are ineligible for CWFPP funds or for ARRA funds based on the Intent to Apply form, Priority Evaluation and Ranking Form or Financial Assistance Application received by 06/30/09. Ineligible projects are not included on this Funding List.										
¹ The dollars shown in this column are estimated amounts of each project that can be counted toward the requirement that 20% of ARRA funds that must be used for "green" projects or portions of projects.										
² The dollars shown in this column are estimates of the amount of each project that can be counted toward meeting the goal that at least 25% of ARRA funds be provided to municipalities located in counties with an unemployment rate that is higher than the State of Wisconsin unemployment rate. The data used for this determination is for June 2009, which is the month in which the applications were due.
