

**3rd Meeting of the Stakeholder Advisory Group to consider changes to the
Endangered Resources Review Program**

Tuesday June 2, 2009 from 10:00 a.m. – noon
Room G09, of the State Natural Resources Building (GEF 2), Madison.

Agenda:

Welcome and Introductions (10:00-10:15)

Presentation: Changes to Services Provided by the Endangered Resources Review Program in Response to Stakeholder Requests (10:15-10:45)

Gather input through small group discussions (10:45 – 11:45):

- 1) If additional resources become available, how would you like to see the changes to Review Program services that we've *implemented to date* expanded/built on?
 - a) Changes include: updated website, new rare species and habitat webpages, new forms, new ER Review template, updated ER screening guidance, newsletter
- 2) What specific questions, suggestions, and concerns do you have regarding the changes that we're considering *for the near future*:
 - a) Voluntary Expedited ER Reviews
 - b) NHI Certification Program
 - i) What process would you like to see used to create the NHI Certification program?
- 3) Are there additional items/needs that you would like to see the program address in the near future? (*Consider question in light of both additional resources that might become available and if resources/staff were to be reduced in the future*).
- 4) What role would you like to play in future activities of the ER Review Program (e.g., serve in advisory capacity, in-depth involvement with specific efforts, be kept informed of changes via email updates)?
- 5) Final comments, suggestions, concerns, advice for us?

Questions, observations, next steps (11:45 – 12:00)
