

# Hartman Creek State Park – Deer Hunting 2011

1. Gun deer hunting is open in the park November 19-27, 2011. The late bow deer season, November 19 - January 8, 2012 is also open in the park (in the same area as the regular deer gun “OPEN” areas).
2. Archers must meet blaze orange requirement from November 19 – 27, when the gun season is open.
3. Park admission stickers are required on vehicles. If the office is closed, self-register by the walk-in entrance in the yellow box at the office.
4. Areas of the park will be posted as “closed” areas. Hunters must contact park employees if a wounded deer goes into a closed area. They then may assist the hunter in recovering the deer.
5. Your guns must be encased and unloaded in the “closed” areas of the park.
6. See the 2011 Deer Hunting Regulations pamphlet for current baiting restrictions. All deer management units in Waupaca County are herd control units for 2011.
7. The areas of the park open to hunting are also open to rifle use.
8. Tree stands and ground blinds must be portable, removed from the hunting area each day and not damage trees. (Screw-in pegs are not allowed).
9. The park is located in Deer Management Unit 65B. No other wildlife may be hunted in the park other than deer.
10. Disabled hunters must contact the office two weeks before the season for special requests.
