

# 2009 Pheasant Stocking Information

Regulations related to pheasant hunting can be found within the *2009 Small Game Hunting Regulations*. This publication contains a listing of public hunting grounds that may be stocked with pheasants this fall. The Department plans to stock 71 public hunting grounds with approximately 45,000 game farm pheasants during the 2009 fall pheasant season. Please note that this is a *preliminary* estimate and final numbers may be revised prior to release. Maps of selected public hunting grounds can be found on-line at <http://dnr.wi.gov/org/land/wildlife/hunt/pheasant/map.htm>. Before hunting pheasants on public hunting grounds, be sure to check the regulations for special requirements that apply including 2pm closure areas and hen-rooster hunting. Please remember that a *pheasant stamp is required statewide*. Additional pheasant hunting opportunities are provided through conservation clubs enrolled in the Day-old Chick (DOC) program. These clubs raise and release pheasants on private land open to public hunting or on approved state-owned lands. For more information on the DOC program, please visit the State Game Farm website (<http://dnr.wi.gov/org/land/wildlife/gamefarm/>) or call 608-635-8120. Hunters are reminded to be polite and notify the landowner before hunting on private property open to public hunting as part of the DOC program.

## DNR Public Hunting Grounds planned to be stocked with pheasants in 2009

<i>A Pheasant Stamp is required Statewide</i>

### Attention Hunters!

Look for these signs placed at many locations where pheasant stamp dollars were used to create habitat. Since pheasant stamp dollars can be used on both public and private land, be sure to get permission before entering any private land.
