**RIVER CLOSURE SUNSET**

The DNR has violated the Sunset clause on the 5 year River Closure From Lock & Dam #11 to the Highway 61-151 Bridge. The closure started December 1, 2003 And ended December 1, 2008. This was voted on and Approved by the Sportsmen & Women of Wisconsin.

In the 08-09 Fishing Regulations they extended the Closure to April 1, 2009, thus violating the Sunset Clause. The Sports People of Wisconsin Cannot allow Their votes to be meaningless.

A **NO** vote will be to stop the current unauthorized extensions and any future closures without Conservation Congress approval.
