

SPORTS

Ice Skating Rink

If plans come true, Camp Grivitz will have an Ice Skating rink this coming winter. These were the plans of the Educational Adviser, Mr. Kennody, when he called a meeting of the men who were willing to donate their time a few Saturdays to the building of a rink and a Hockey Court. This rink will be constructed on the baseball field and is to be about 150 feet long by 125 feet wide which is ample room for a hockey rink. Let's help, boys, and boost this worthy project.

Winter Sports

Snow will soon cover "Old Mother Earth" and once again Men of this and other camps will turn their attention to such winter sports as skiing, tobogganing and skating. We have skis, toboggans and snow shoes at your disposal so use them and enjoy your winter of 1936-37.

Marinette Vs Menominee

Football fans of Camp Grivitz will no doubt be given a chance to see the mighty Green Bay Packers High School team in action Nov. 11 at Marinette. This old rivalry is renewed every year on Arlington Bay and a close battle is assured.

Ping Pong

Ping pong is still the favorite sport of a large number of men in this company. We still herald Divine as unofficial champion seeing nobody who can beat him. Although Divine is ranked as one of the best (or the best) in camp we still have quite a few other worthy handlers of the paddle--Clapper, Cossetto, Owens, King and even the Educational Adviser, Mr. Kennody. Boys, let's make this official and have a tournament.

Basketball

We're still living in hopes of getting a chance to practice in the Grivitz Gym and getting in condition to take the Sub-District Basketball title. With a large number of good players in camp, a little practice is all that is needed to round out a five that will prove dangerous to its opponents.

Green Bay Packers

A truck full of men from this camp journeyed to Green Bay to see the mighty Green Bay Packers turn back the Boston Redskins 31-2 and on the following Sunday the Detroit Lions 20-13.
