SPECIAL SALE CONDITIONS:

Seasonal and Equipment Conditions

Equipment use will be restricted to very dry or frozen ground conditions due to wet soil conditions.

No cutting during the months of April, May, or June in selection area due to bark being easily damaged at these times.

Use of a continuous rotating saw head is only allowed in the coppice and seed tree harvest areas.

Roads/Access/Decking

No decking or skidding allowed on Hervas Rd. without special permission.

If decking on state forest road or hunter/walking trail, all slash and ends will be removed from the roads and ditches concurrently with each truckload.

To make areas of sale operable during dry conditions, existing trails and new stub roads will most likely need pit run material. The state will provide the pit run material, but it will be the responsibility of the contractor for loading/hauling/leveling any pit run needed for decking on these existing roads and new stubs.

No new access points will be permitted. No turnarounds outside sale area without permission from sale administrator.

All additional restrictions listed in prospectus and standard contract apply unless specified.

For sale inspection, call 715-332-5271 ext. 106 or ext. 112 for the combination of the lock for the gate. Please do not go around gate.
