Dear Ms. Eagan,

Please be informed that on February 19, 1999 Serigraph Incorporated transferred full title and ownership of 30 tons of emission reduction credits to Wisconsin Electric Power Company. These credits are a portion of the credits originally created by Spic and Span and purchased by Serigraph Inc. A letter from Mark Harder letter dated June 26, 1995 referencing the credits is attached. Serigraph continues to own 90 tons of emission reduction credits, which are allocated to Permit 87-DAA-228.

Should you have any questions regarding this matter, please contact me at 414-335-7343.

Sincerely,

J. Thomas Ravn
