

**BEFORE THE  
DEPARTMENT OF NATURAL RESOURCES  
NOTICE OF PUBLIC INFORMATIONAL MEETING**

The Department of Natural Resources (DNR) will hold a public informational meeting to review its ambient air quality monitoring network throughout Wisconsin.

**Monitoring Network**

In 1981 the U.S. Environmental Protection Agency (USEPA) approved a portion of the Wisconsin State Implementation Plan (SIP) for the Clean Air Act monitoring plan dealing with air quality surveillance, which is required by Parts 51 and 58 of Title 40 of the Code of Federal Regulations. That monitoring plan presented a detailed scheme for ambient air quality monitoring, including a detailed proposal for a comprehensive network of ambient monitors throughout Wisconsin. In addition, the DNR proposed to conduct an annual review of the monitoring network and to notify the public of significant changes in the network by conducting a public informational meeting. DNR has done so since 1981.

At a public meeting on May 20, 2015, the DNR will review the changes that occurred in 2015 and will present an outline of proposed changes for 2016. An explanation will be provided for each deviation from the previous year's plan as well as the proposed changes. Public comments on the changes will also be received at the informational meeting.

The DNR will hold the public informational meeting to review the ambient air quality monitoring network on:

Wednesday, May 20, 2015  
at 1:00 p.m.  
Room 713, DNR building  
101 South Webster Street  
Madison, WI 53703

Written comments on the monitoring network may be submitted directly to:

c/o Air Monitoring Section, Bureau of Air Management,  
P.O. Box 7921,

no later than Thursday, June 11, 2015. Written comments will have the same weight and effect as oral comments presented at the meeting.
