

2010 deep groundwater
PCE isocontours (ug/l)

FIGURE 1
2010 Tetrachloroethylene (PCE) Isocontours in Deep Groundwater Wells
Prepared by City of Madison Engineering (2/27/12)

Note: Piezometers have 5-foot screens placed between 790 and 810 ft AMSL.

Legend

- Deep Wells (piezometers)
- PCE groundwater plume - 5 ug/l
- PCE groundwater plume - 50 ug/l
- PCE groundwater plume - 500 ug/l
