

WISCONSIN WILDCARDS

WISCONSIN STATE FORESTS

BLACK RIVER STATE FOREST

Managed to provide: places to have fun, resource protection, wildlife habitat and products we need—like paper and wood.

ORIGIN: Established in 1957 for land conservation and recreation, the State Forest covers more than 67,000 acres once logged and cleared for farming.

FOREST CHARACTERISTICS: See rocky mounds, grassy barrens, wetlands and the scenic Black River. Find managed forests of pine, aspen and oak. View bald eagles, Karner blue butterflies and maybe a wolf!

ACTIVITIES: Canoe the Black River, camp, snowmobile, ATV, bike, hike, cross-country ski, ride horseback and hunt.

UNIQUE FEATURE: Picturesque Castle Mound may have been an island in Glacial Lake Wisconsin. Hike it!

For information: (715) 284-4103 (Forest Headquarters, Black River Falls)
