5. Socio-economic impacts			ii		ii	ii	ii		3						
Totals - Initial ratings	Prohibited			Restricted				Watch			Non-restricted				
Number of votes				xxxxx				x							

Recommended Classification : R

Comments:

(6) Need info on distribution. Would prohibit but probably already too widespread for eradication. (9) Found in northern hardwood forests, frequent in UP in scattered populations. Can be locally abundant. (KK) Largely limited to 20 mi of Lake Michigan, also Dane County. (9) Probably also Vilas and Iron.
