

File O 40– Marinette County 1.37 Acres

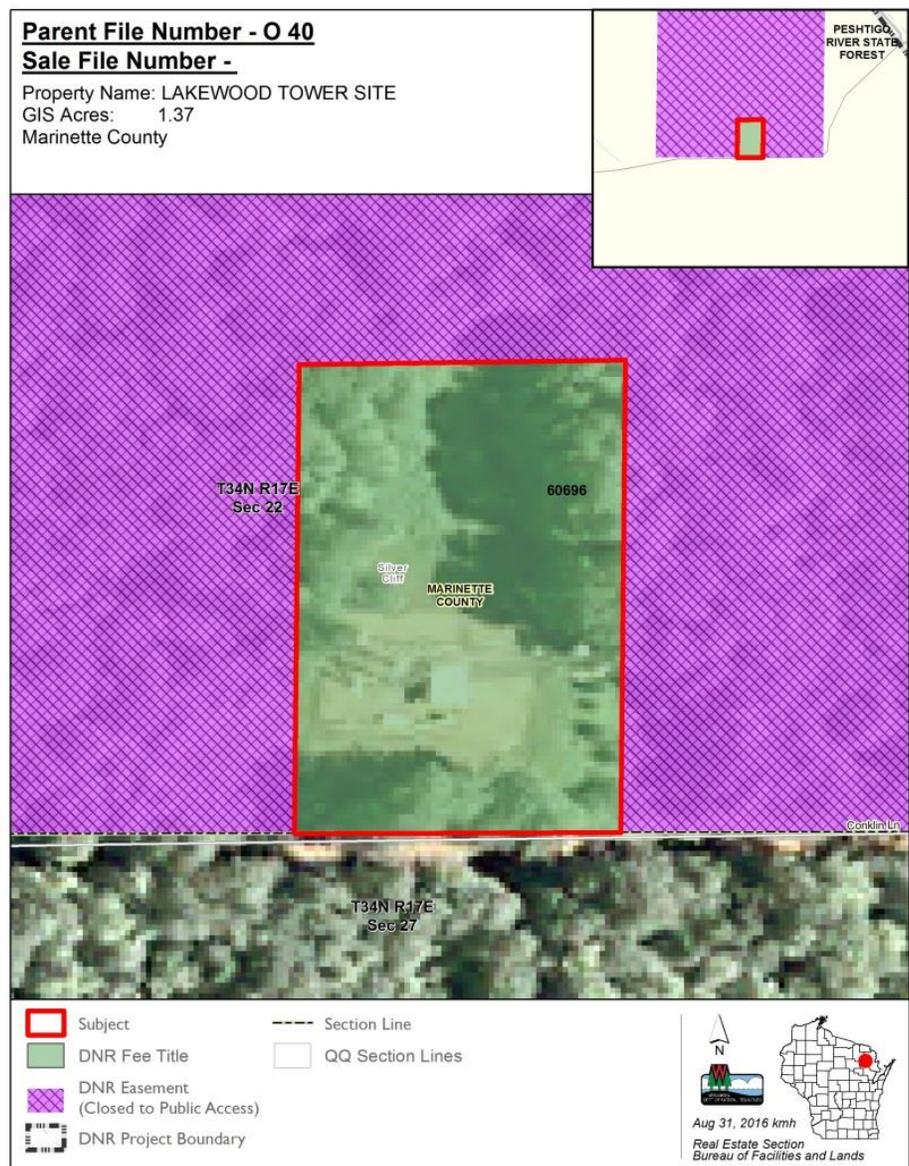

The Department acquired this parcel for \$2,600 in 1987.

This parcel is located along Conklin Lane in the Town of Silver Cliff, approximately 18.5 miles west of the Village of Wausaukee. It was purchased for the Lakewood Tower Site project. The parcel has no water features. This site is closed to public access.

This parcel was acquired to replace an easement on the parcel for an existing Department radio tower. Due to upgrades needed on the tower, the Department was required to purchase the parcel in fee title.

The Department actively maintains this parcel where the radio tower is located. This tower is an important part of the statewide communication system serving the State Patrol and the Department. The Department owns two repeaters on the tower, which provide public safety radio communication in the forested area around the tower. The actual tower and structures are owned by the Wisconsin Department of Transportation.

The Department recommends retaining this parcel.
