Ozone chat set for Thursday, June 13

Summer in Wisconsin brings both warm weather and the potential for elevated levels of ozone in the air. On Thursday, June 13, from noon to 1 p.m., Wisconsin Department of Natural Resources staff will be online to take your questions about ozone.

To participate, visit the DNR [home page](#) and look for the advertisement to enter the chat, or search the phrase "[ask the experts](#)". You can also join the conversation via our [Facebook](#) page by clicking the "Cover It Live Chat" box at the top of our page.
