

## Small Business Advisor - Special Edition, January - 2016

### Topics in this edition:

- FET Air Quality Seminars for 2016
- FET Hazardous Waste Seminar - RCRA Refresher Training

### Air Quality Seminars in 2016

The FET Air Committee has planned the agenda for the Air Quality seminars conducted annually in January and February. This year, there are so many new topics from DNR's air program that the agenda for the 2016 programs is completely Air-focused. Join us on one of the following dates: January 26th in Eau Claire, January 27th in Kimberly, February 2nd in Pewaukee or February 4th in Madison. Click here for a complete agenda and registration form: [Air Quality 2016](#). You may also call FET at 262-437-1700. Remember FET members should register in the [Members Area](#).

### RCRA Refresher Seminar in Kimberly WI

The Northeast WI FET Chapter will be hosting a Hazardous Waste RCRA Refresher next week in Kimberly on Thursday, January 14th. The purpose of this seminar is designed to satisfy the 40 CFR 264/265.16 Personnel Training Requirements, in conjunction with site-specific training. Certificates of attendance will be given.

Professional Hours include 6.0 DNR General Septage, Landfill, Wastewater Safety and Waterworks Safety hours, plus IH, CEU, CHMM and PE hours.

Register today using the [online registration form](#), or the fillable agenda/registration form [1-14-16 RCRA Refresher](#). You can also call FET at 262-437-1700. Remember, FET members should register in the [Members Area](#)
