TOWN OF JACKSON GASOLINE PIPELINE SPILL UPDATE

DATE: November 9, 2012
CONTACT: Julia Oliver, Town Clerk

At the Regular Town Board meeting held on November 8, 2012 the Town Board took the following action related to the Long Term Drinking Water Solution:

Motion by Supervisor Huettl, seconded by Supervisor Kufahl formally requesting the Wisconsin DNR to not require Town action on a long term drinking water solution until sufficient time has passed to evaluate seasonal effects on the underground plume,

And, continue the use of the POET systems during the evaluation time-frame,

And, requesting that West Shore Pipeline conduct feasibility studies on three options for a permanent drinking water solution:
1. Shared private wells – five (5) houses or less per well
2. Extension of the Village water distribution system
3. Town sanitary district

The motion carried without a negative vote.

Previously the Town Board has taken action “eliminating impractical solutions; connecting to municipal water distribution systems from Slinger, West Bend, Cedarburg, Grafton and Germantown.

Notification of the action will be provided to the public by posting at the Town of Jackson Town Hall, 3146 Division Road, the Town of Jackson Town Garage, 3685 Division Road and at Trinity Lutheran Church, 1268 Pleasant Valley Road. Additionally notice will be sent to the Daily News (West Bend), the Milwaukee Journal Sentinel, WBKV Radio Station, and Express News.

Notice will also be sent to:
Eric Nitschke, Southeast Regional Director, Wisconsin DNR
Patrick Hodgens, Buckeye Partners, LP, representing West Shore Pipe Line Company
