

**Black River State Forest
Cut Forest Products Sale Area Two**

Tract # 61-15

Estimated Volume:

Pine: 715 tons (325 cords)
(includes red, jack & white pine pulp & sawtimber)

Hwd: 60 tons (24 cords)
(includes oak, maple, aspen pulp & sawtimber)

Cut Forest Products: All wood piled at marked locations must be picked up and hauled off-site within 3 weeks of road bans being lifted.

Haulers will use the mill ticket system, and must put a ticket in the box for each load hauled.

Wood must be scaled by a third party (mill or weight scale) or the DNR.

-  Cut products pile(s)
-  Snowmobile Trail
-  Section Corners
-  Woods Road

Be sure you know which piles are included in the sale. Nearby landowners have also had trees cut as part of this clearing project. Contact the DNR Forester if you are uncertain! (715-284-4108)
