

**UW-Extension/Madison Plant Disease Diagnostic Clinic (PDDC) Update**

Brian Hudelson, Ann Joy, Amanda Zimmerman, Andrew Pape, Plant Disease Diagnostics Clinic

The PDDC receives samples of many plant samples from around the state. The following diseases/disorders have been identified at the PDDC from August 3 through August 9, 2012:

| PLANT/SAMPLE TYPE                     | DISEASE/DISORDER                          | PATHOGEN                       | COUNTY     |
|---------------------------------------|---|--------------------------------|------------|
| <b>BROAD-LEAFED WOODY ORNAMENTALS</b> |   |                                |            |
| Maple (Unidentified)                  | <a href="#">Verticillium Wilt</a>         | <i>Verticillium</i> sp.        | Washington |
| Oak (Bur)                             | Bur Oak Blight                            | <i>Tubakia iowensis</i>        | Dane       |
|                                       | Tubakia Leaf Spot                         | <i>Tubakia</i> sp.             | Dane       |
| Oak (Unidentified)                    | Sphaeropsis Canker                        | <i>Sphaeropsis</i> sp.         | Jackson    |
| <b>NEEDED WOODY ORNAMENTALS</b>       |   |                                |            |
| Pine (Mugo)                           | Eastern Gall Rust                         | <i>Cronartium quercuum</i>     | Waukesha   |
| Pine (Unidentified)                   | <a href="#">Dothistroma Needle Blight</a> | <i>Dothistroma pini</i>        | Eau Claire |
|                                       | <a href="#">Root Rot</a>                  | <i>Pythium</i> sp.             | Eau Claire |
| Spruce (Black Hills)                  | <a href="#">Rhizosphaera Needle Cast</a>  | <i>Rhizosphaera kalkhoffii</i> | Waukesha   |

For additional information on plant diseases and their control, visit the PDDC website at [pddc.wisc.edu](http://pddc.wisc.edu).

The PDDC receives samples of many plant samples from around the state. The following diseases/disorders have been identified at the PDDC from August 10 through August 16, 2012:

| PLANT/SAMPLE TYPE                     | DISEASE/DISORDER                         | PATHOGEN                       | COUNTY            |
|---------------------------------------|--|--------------------------------|-------------------|
| <b>BROAD-LEAFED WOODY ORNAMENTALS</b> |  |                                |                   |
| Holly                                 | Sphaeropsis Canker                       | <i>Sphaeropsis</i> sp.         | Waukesha          |
| Honeylocust                           | Thyronectria Canker                      | <i>Thyronectria</i> sp.        | Waukesha          |
| Magnolia                              | Phomopsis Canker                         | <i>Phomopsis</i> sp.           | Fond du Lac       |
| Maple (Norway)                        | <a href="#">Tar Spot</a>                 | <i>Rhytisma acerinum</i>       | Waukesha          |
| Oak (Bur)                             | Bur Oak Blight                           | <i>Tubakia iowensis</i>        | Kenosha, Waukesha |
|                                       | Sphaeropsis Canker                       | <i>Sphaeropsis</i> sp.         | Waukesha          |
| Oak (Unidentified)                    | <a href="#">Anthracnose</a>              | <i>Discula</i> sp.             | Dane              |
|                                       | Leaf Blister                             | <i>Taphrina caerulescens</i>   | Shawano           |
| Rose Tree of Sharon                   | Sphaeropsis Canker                       | <i>Sphaeropsis</i> sp.         | Dane              |
| <b>NEEDED WOODY ORNAMENTALS</b>       |  |                                |                   |
| Spruce (Unidentified)                 | <a href="#">Rhizosphaera Needle Cast</a> | <i>Rhizosphaera kalkhoffii</i> | Outagamie         |
