TOOLS & RESOURCES

Fund with assist village residents with ash tree removal

See article published in the [Kenosha News](#). The Village of Paddock Lake has progressively allocated funds to aide in the removals of trees on private property due to Emerald Ash Borer. Please contact your [DNR Urban Forestry Coordinator](#) for more information on how your community can replicate these efforts.

Stakeholder input: Comments sought by DATCP to improve Programs and Services in Pesticide & Fertilizer Programs

The ACM Bureau is within the Division of Agriculture Resource Management at DATCP, and is currently undergoing a strategic planning process and is interested in getting some feedback from our external partners. DATCP's Ag Chemical Mgmt. Bureau regulates feed, fertilizer and pesticides. Their full programs are described at this link. http://datcp.wi.gov/Programs/Agricultural_Resource_Management/index.aspx

An Assessment of Urban Tree Canopy in Chatham County, Georgia

Published February 2015. [Link to publication](#)

Woodmizer locations in Wisconsin

This mechanism can be used to small companies or people who have woodmizer mills that potentially communities could hook up with, you just list the state and it gives a listing of these sawmills by location and short narrative regarding their services. There are 34 listed for Wisconsin and fairly evenly distributed throughout the state. [Link to Woodmizer](#)

EAB self-study modules

University of Purdue is offering in three categories of study in relation to EAB management (Green Industry, Homeowners, and Private Campground/recreation land owners). [Link](#)

CONFERENCES, WORKSHOPS & WEBINARS

The Urban Forestry Insider has collaborated with the Wisconsin Arborists Association and for future editions please reference the [Wisconsin Arborists Association Calendar of Event](#). All of the same training opportunities will be provided, only compiled in one location.

ABOUT THE INSIDER

The *Wisconsin Urban Forestry Insider* is an electronic news bulletin produced by the Urban and Community Forestry program of the Wisconsin Department of Natural Resources, in Madison, Wisconsin. The *Insider* is intended as a quick networking tool and information source for all people actively working in the area of urban and community forestry, especially in the state of Wisconsin. Items that cannot wait for our print/electronic newsletter, [Wisconsin Urban & Community Forests](#), will appear here.

Because the *Insider* connects to numerous outside sources it is typical for links **not** to be maintained for extended periods of time. All URLs are working on the date of distribution.

We are happy to accept your article suggestions and contributions. Send them to the editor, at Eliza-beth.Dierickx@wisconsin.gov or call her at (608) 264-8944.

Past and current issues of the *Insider* can be viewed at dnr.wi.gov, keyword “Insider” or go to <http://dnr.wi.gov/topic/UrbanForests/newsletters.html>.
