DRINKING WATER & GW

RE: High Capacity Well Application for Ted DeJager – DeJager Farm, N8183 Cty Rd M, Cambria, Wisconsin, Columbia County, Town of Randolph.

Dear Jerod:

On behalf of Ted DeJager, Sam's Well Drilling, Inc., proposed to construct a high-capacity well on land that they own. The proposed well will supply water for irrigation purposes on the property. The enclosed application is for this high-capacity well.

There is only one well on the property at this time that serves the house. If you have any questions regarding this project, please contact me at (920) 326-5193.

Sincerely,

SAM'S WELL DRILLING, INC.

Jake Redeker
Project Manager

Agent authorized to submit this application on behalf of the property owner, Ted DeJager.

High Capacity, School or Wastewater Treatment Plant Well Approval Request

Form 3300-295 (R 5/15)

Notice: Pursuant to §§ NR 812.09(4)(a) & (b), Wis. Adm. Code, prior Department of Natural Resources (DNR) approval is required for the construction, reconstruction or operation of a high capacity well or system of high capacity wells, a school well or a wastewater treatment plan well. This form is required to be completed to request approval for installation of a well or wells on a high capacity property, to modify a well on a high capacity property, or the construction or reconstruction of a school or wastewater treatment plant well. Personally identifiable information collected will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Open Records law (s.19.31-19.39, Wis. Stats.).

Submittal Purpose

Check all that apply

- Non-Potable Well(s)** **Potable Well(s) Requires Potable Attachments**
- Install one or more new wells with a capacity greater than 70 gallons per minute.
- Install one or more new wells with a capacity less than 70 gallons per minute on a high capacity property.
- Replace one or more wells with a capacity greater than 70 gallons per minute.
- Replace one or more wells with a capacity less than 70 gallons per minute on a high capacity property.
- Reconstruct one or more wells with a capacity greater than 70 gallons per minute.
- Reconstruct one or more wells with a capacity less than 70 gallons per minute on a high capacity property.
- Increase pumping rate in one or more wells to a rate greater than previously approved.
- Renew a previous approval that has expired.
- Other (please describe: School, WWTP etc.) _____

Project Description

Provide a brief description of the proposed project including the number of potable wells to be installed. For non-potable wells include number of acres and expected crop rotation for agricultural irrigation wells. For potable wells serving livestock note if the facility is currently or plans to become a concentrated animal feeding operation (CAFO).

Install one high capacity water well to supply water to a center pivot(s) irrigation system to irrigate 120 acres of corn and soybeans

Required Enclosures

- High Capacity Well Application (Form 3300-295)
- \$500 application fee (see s. 281.34 (2), Wis. Stats.)
- Well Construction Reports (if available) for existing wells
- Potable Attachment: if a proposed well is potable (Form 3300-295A)
- Aerial or Plat Map with property boundaries outlined
- Variance Request, if needed (Form 3300-210)

Applicant Information

Name and Title Jake Redeker - Project Manager	Company Sam's Well Drilling
--	--------------------------------

Owner Information

Name and Title Ted De Jager - Owner	Company
--	---------

County Columbia	Town 13 N	Range 12	<input checked="" type="radio"/> East <input type="radio"/> West	Section 20	High Capacity Well File No. (if applicable)
--------------------	--------------	-------------	---	---------------	---

Yes No

- Is a proposed well within 1,200 feet of a landfill? Landfill location: (Township/Range/Section): T R S
- Are you aware of any existing well installations on the high capacity property that are out of compliance with Chapter NR 812, Wisconsin Administrative Code? If yes, attach a description of the non-complying wells.

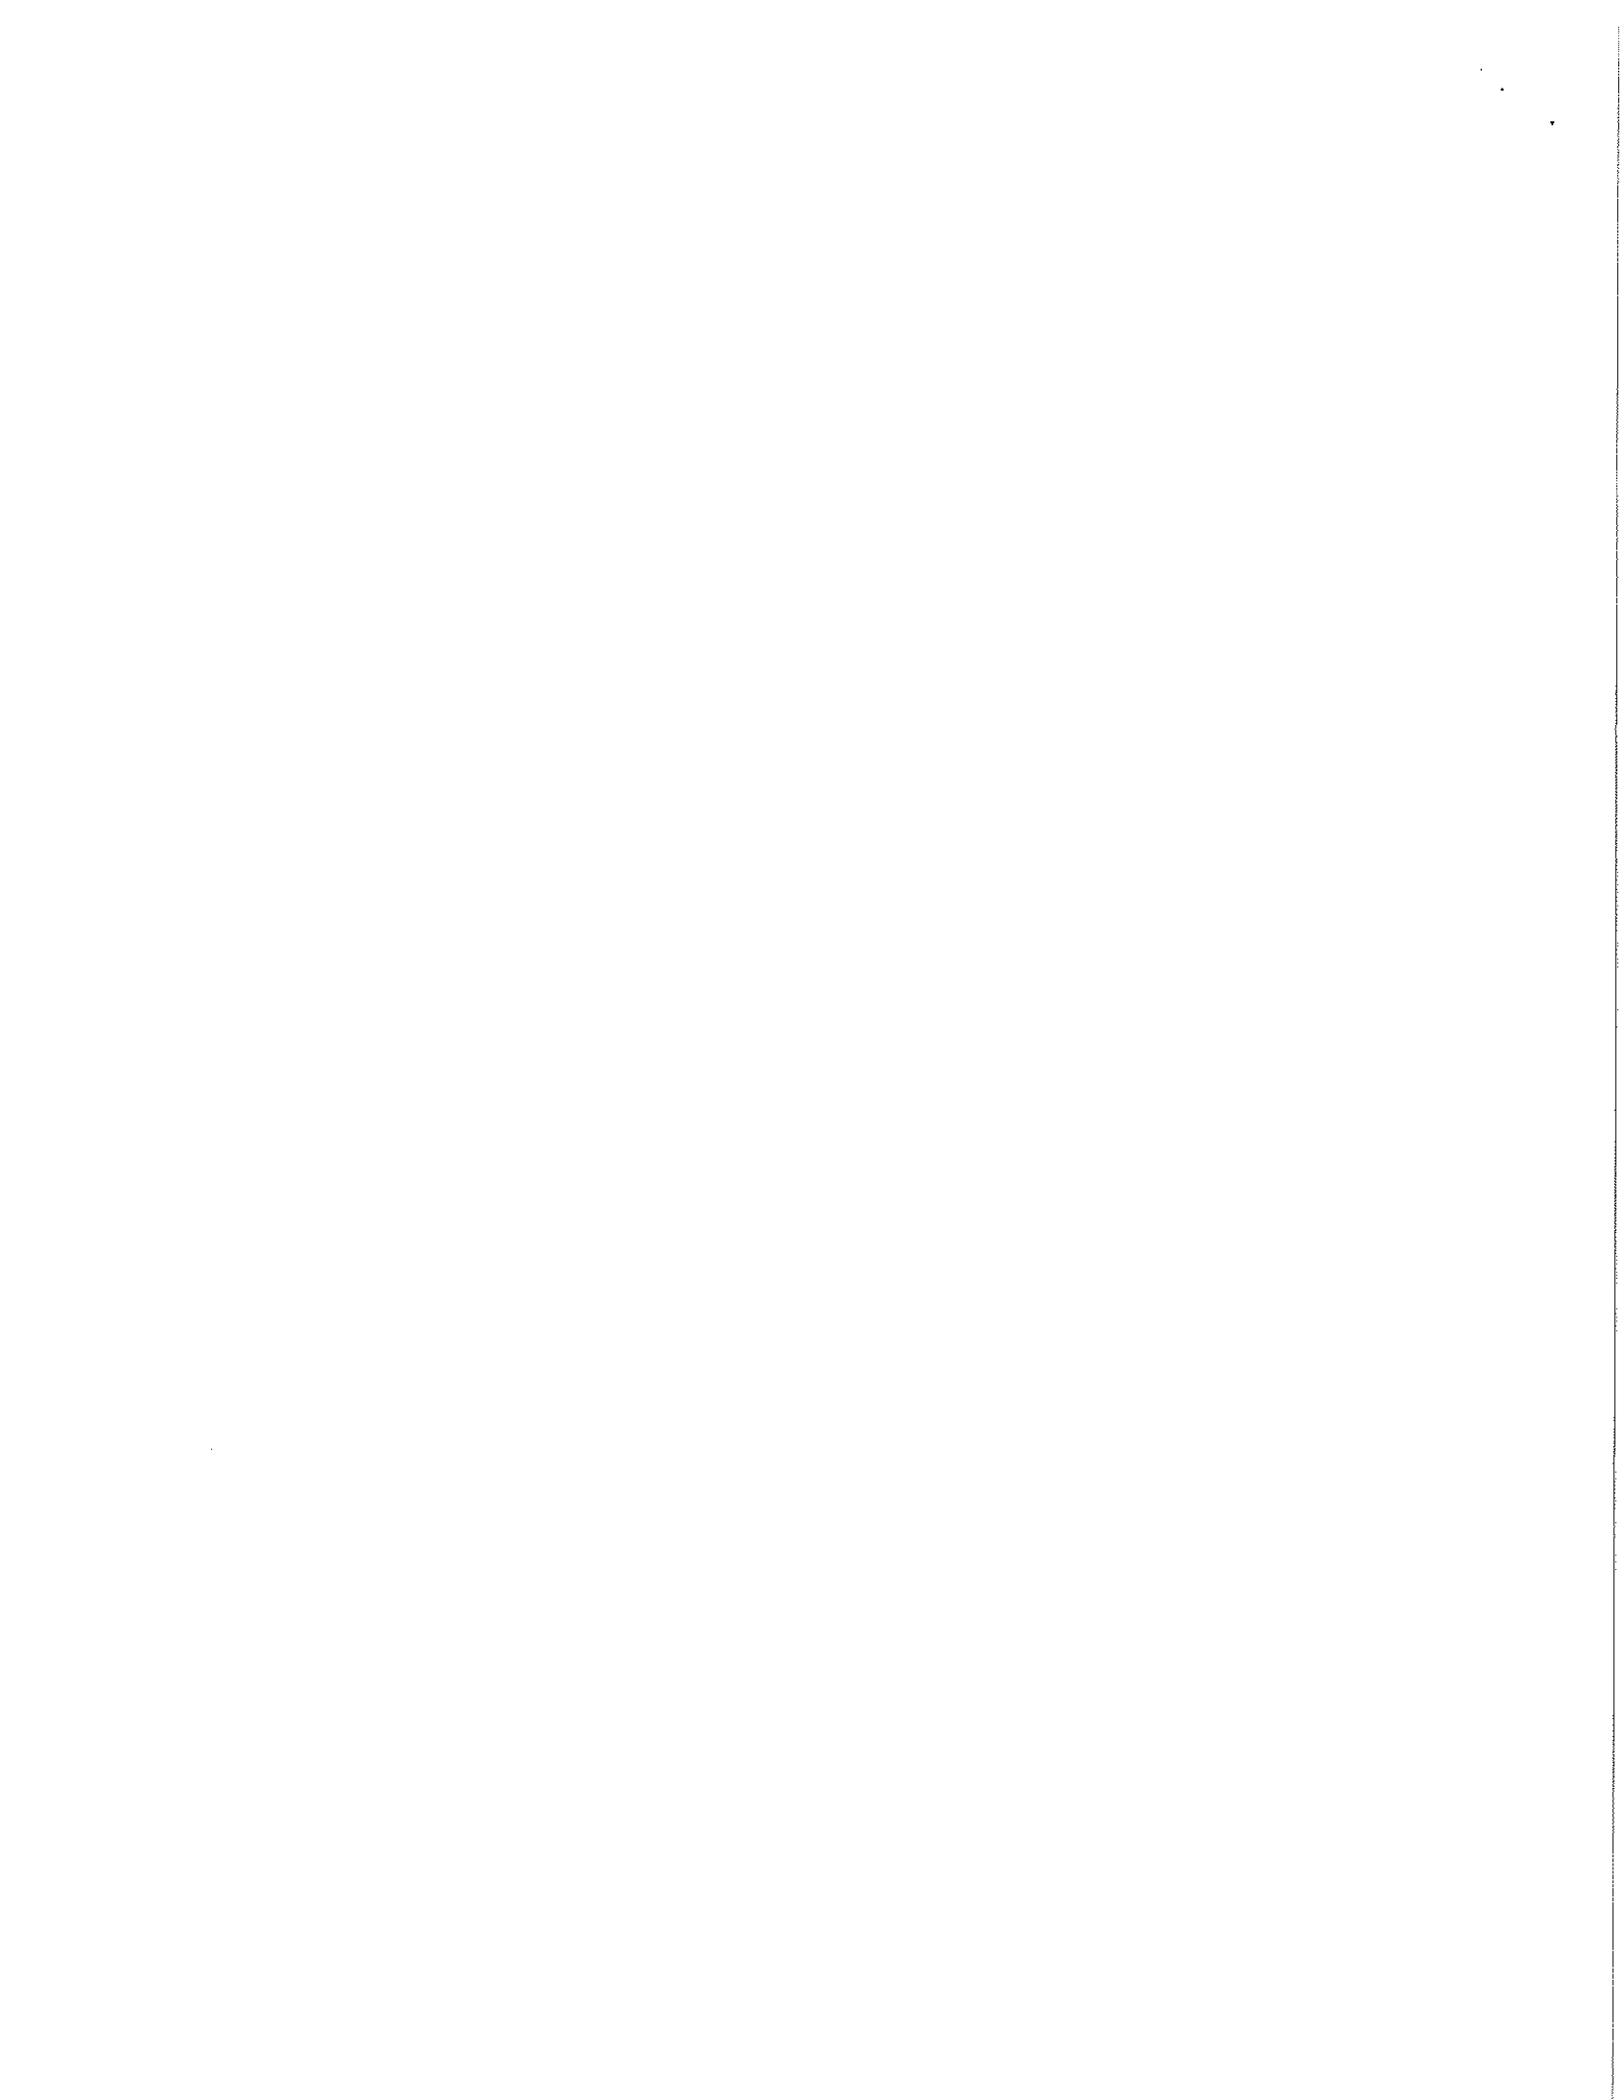

Existing Well Information

Enter the following information for all existing wells on the property and any contiguous property owned by the applicant.
Note: Applications are not complete unless they specify water use, pump capacities and GPS locations of existing wells.

Well Name and/or Number assigned by Owner	Water Use Code(s)	High Capacity Well Number	Pump Capacity (gpm)	Existing Well Coordinates Decimal Degrees Preferred (e.g. 45.1234, -89.1234)		WUWN or WCR Image File # (if known)
				Latitude	Longitude	
GM795	DS11	91770	10	43° 34' 36.13" N	89° 6' 9.97" W	
				43.5767	-89.1028	

Additional Project Information

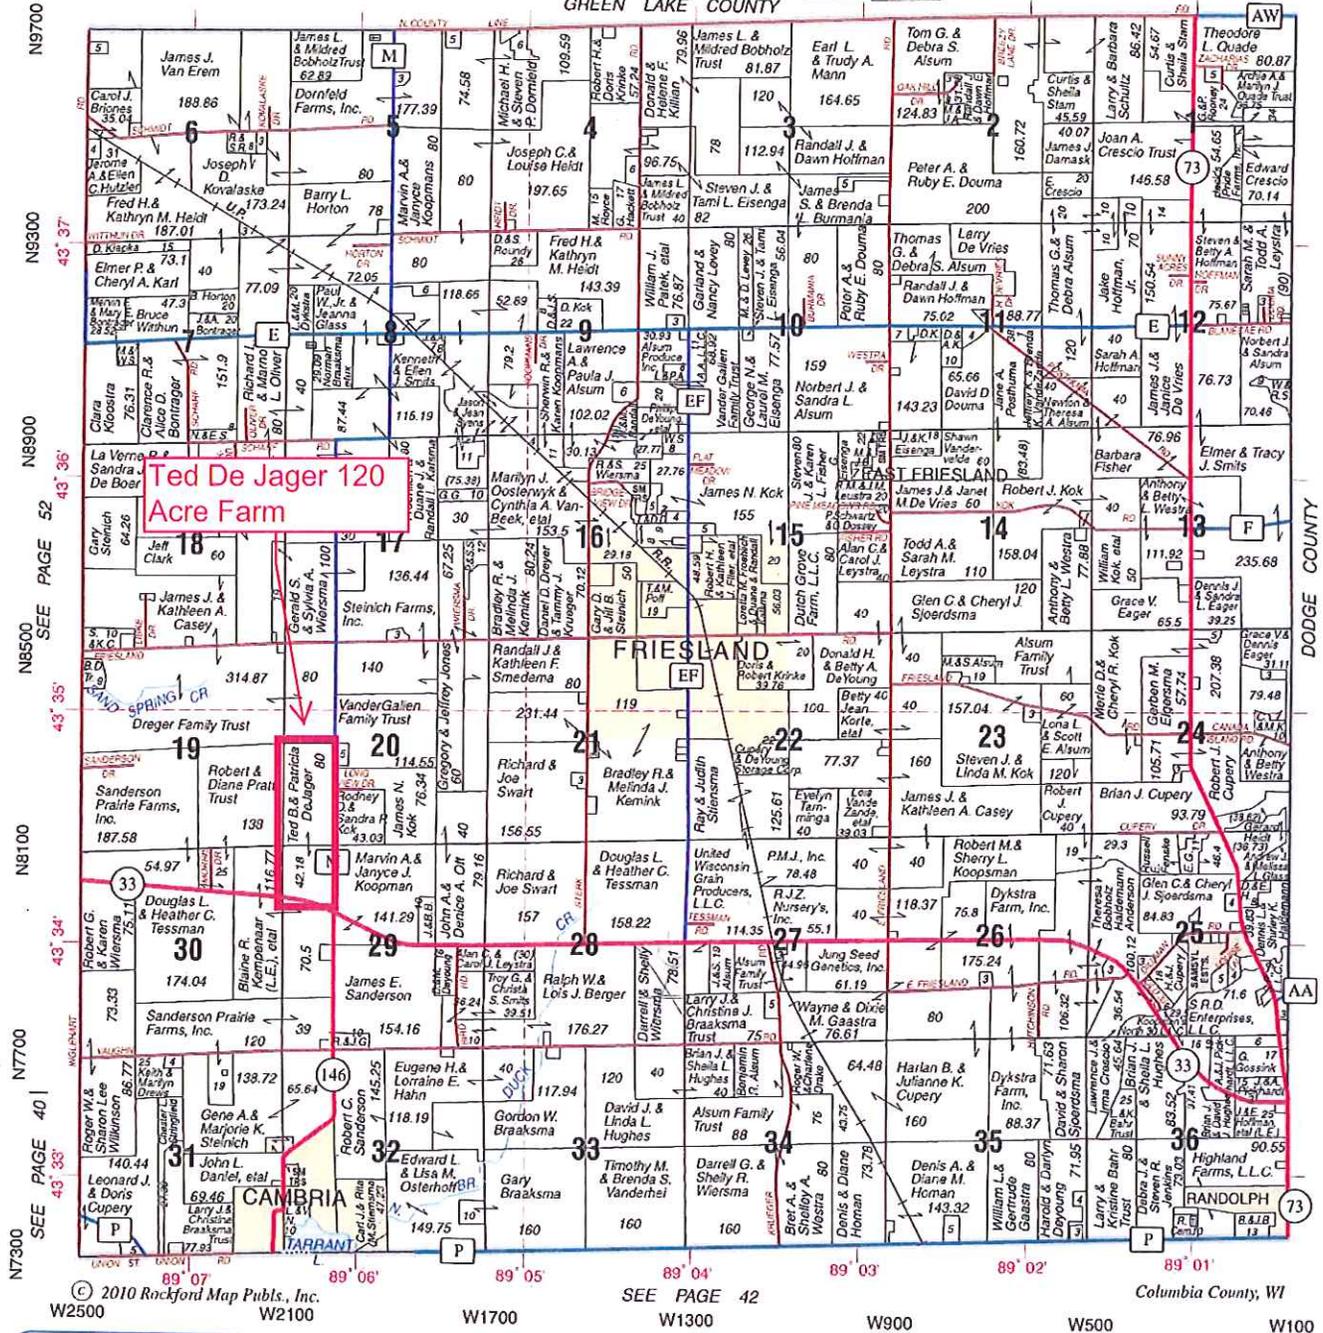

Include any additional relevant information regarding this project such as existing wells to be abandoned, proposed non-standard construction methods or pending ownership changes
