

*From Wisconsin Waters to Your Plate*

# Fishing for Dinner

Are you interested in sustainable, local foods?  
Did you miss the fishing boat as a kid?  
It's not too late to learn how to reel in dinner.

**Sign up for this class to learn basic fishing skills and where to find fishable waters close to home.**

A chef will show you how to prepare your catch for the table. This 5-session class begins with indoor practice sessions to prepare you for ice fishing and spring open water fishing outings. All gear and supplies are provided. Ask about child care and transportation when you register.
