### Fish Farm Application For Use of Natural Body of Water

Form 3600-227 (R 3/13)

Page 1 of 2

**Notice:** Use of this form is required by the Department for any application filed pursuant to ss. 29.733, Wis. Stats., and ss. NR 19.90-95, Wis. Adm. Code. The department will not consider your application unless you provide all information requested and submit the fee(s) indicated for the permit(s) selected. A social security number or federal employer identification number is **REQUIRED** when applying for a license listed in ss. 29.024(2g) or 29.024(2r), Wis. Stats. The number **SHALL NOT** be disclosed to any other person except the Department of Workforce Development or the Department of Revenue to determine liability for delinquent Wisconsin taxes or child or family support. Other personally identifiable information requested on this form will be used for program administration and may be provided to requesters as required by Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.].

Mail this form with its attachments and required fee to WDNR -Natural Waterbody Permits FH/4, PO Box 7921 Madison, WI 53707-7921.

**Project Description**

A "natural body of water" is defined in Wisconsin law as any spring, stream, pond, lake or wetland that was historically present in a natural state but may have been physically altered over time. A "freeze-out pond" is defined in Wisconsin law as a natural, self-contained body of water in which freezing or anoxic conditions prevent the body of water from naturally sustaining a fish population at least twice every 5 years.

Operating a fish farm in a Natural Body of Water requires a permit under NR 19, Wis. Adm. Code. I am applying for:

**NR 19 Permit Renewal** - for continued use of a natural waterbody that was previously permitted as a preexisting fish rearing facility or a freeze-out pond.

**Initial NR 19 Permit** - for new use of a natural waterbody for fish farming (note, the waterbody must be a freeze-out pond).

**Transfer of NR 19 Permit** - to convey an existing NR 19 permit from one party to another, as a result of change in ownership or leasehold interest of a fish farm.

Number and dimension of ponds, raceways or tanks. Describe here and attach a diagram (Attachment # 4)  
*ONE POND 180' x 80'*

**Business Purpose:** Activities engaged in. (select all that apply)

<input type="checkbox"/> Distributor	<input type="checkbox"/> Processor, On-Site	<input type="checkbox"/> Public Fee Fishing
<input type="checkbox"/> Hatchery	<input type="checkbox"/> Grower	<input type="checkbox"/> Raising Fish For Stocking
<input type="checkbox"/> Raising Bait For Sale	<input checked="" type="checkbox"/> Private, Personal Fishing	<input type="checkbox"/> Raising Fish to Directly Market for Human Consumption
<input type="checkbox"/> Other - Specify:		

1. What type of pesticides do you currently use or plan to use?  
*NONE*
2. Is your fish farm equipped with barriers that prevent the passage of fish between it and other water of the state?  Yes  No
3. If you are applying for an NR 19 Permit Renewal, have you made any facility changes - expansion, additional ponds, different species reared, etc. - over the last ten years?  
 Yes  No If yes, describe:

**Species Information**

Complete the following information regarding your operation: List the quantity of each size of the species of fish you possess or plan to raise on an annual basis in each pond, raceway, natural body of water, freeze-out pond, self-contained body of water or preexisting fish rearing facility.

Fish	Eggs	Fry	Fingerling	Yearling	Adult	Fish	Eggs	Fry	Fingerling	Yearling	Adult
Bass Largemouth						Bluegill					25
Bass Smallmouth					300	Crappie					25
Bullhead						Perch					
Muskellunge						Pumpkinseed					
Northern Pike						Sunfish					
Walleye						Tilapia					
Chubs						Brook Trout					
Minnnows						Brown Trout					
Shiners						Lake Trout					
Suckers						Rainbow Trout					
Atlantic Salmon						Other (List):					
Chinook Salmon											
Coho Salmon											

**Attachments (Provide all of the following)**

1. Location sketch or map showing route to the project site, indicating nearest main road and crossroad, north arrow and scale.
2. Photocopy of deed, lease, land contract or other documentation showing that the land that is riparian to the body of water is owned, leased, or controlled by the permit applicant.
3. Photocopy of plat book showing property owners; photocopy of any easements for all properties surrounding the waterbody; and other documentation to show that none of the owners of the fish farm or riparian lands provide public access to the body of water by means of an easement or right-of-way or by means of a business open to the public. Note: the owners of the fish farm may allow fishing by the public for a fee.
4. Diagram showing number and dimensions of all ponds, raceways, tanks or other waterbodies to be used for fish farming.
5. For an Initial NR 19 Permit – Documentation to show the natural waterbody is a "freeze-out pond", meaning it is self-contained and has freezing or anoxic conditions that prevent a naturally-sustaining fish population at least twice every five years.
6. For a Transfer of NR 19 Permit – Photocopy of the previous owner's NR 19 permit, and documentation to show change of ownership.
7. Photocopy of any other permits or authorizations required by Ch. 30 or 31, Wis. Stats., the Army Corps of Engineers and any other federal, state or local laws and zoning ordinances for construction or operation of the fish farm. (Note: Permits issued under Ch. 30.19, 30.195 or 31.04 may mean your waterbody is exempt from a permit requirement.)
8. Photocopy of Department of Agriculture, Trade and Consumer Protection (DATCP) Fish Farm Registration from current or previous year.

Note: If conditions 2, 3, and 7 are met, then the DNR may find that your fish farm is exempt from a Natural Waterbody permit requirement. If so, the DNR will return your application and notify you of this finding.

**Type of Permit and Fees**

- Transfer of NR 19 Permit - \$100 fee
- Initial NR 19 Permit - \$ 500 fee
- NR 19 Permit Renewal- \$50 fee.

CHESTER L TADYCH  
922 S 21ST ST  
MANITOWOC, WI 54220

Natural Waterbody Permit ID: 16-NE-5811  
Permit Holder: CHESTER L TADYCH (deceased 1/31/10)  
Natural Waterbody Permit Issued on: 12/05/2002  
Legal Description: Township: 18N Range: 21E  
Section: 22 Quarter-Quarter: NENE  
Permit Expiration Date: 12/05/2012 District: EAD

Dear Natural Waterbody Permit Holder:

Our records indicate on 12/05/2002 you received a permit (16-NE-5811) to use a Natural Waterbody for your fish farm. Your permit will expire 12/05/2012, and the deadline for you to submit your application for a permit renewal is July 1, 2013.

We at the DNR apologize for any delay in your renewal process. We have had to revamp our program resulting from the passage of 2011 Wisconsin Act 207, effective date April 16, 2012. Your current permit is still considered valid since the delay was no fault of your own.

To renew your permit, you must complete the attached Fish Farm Application for Use of Natural Body of Water permit and mail it, the required attachments, and a \$50 permit application fee to:

Bureau of Fisheries Management  
-Natural Waterbody Permits  
P.O. Box 7921  
Madison, WI 53707-7921

Make check or money order payable to Department of Natural Resources (DNR).

The DNR will renew your permit unless our staff determines that your fish farm has substantially adversely impacted any of the following: plant and wild animal habitat or populations; water quality and quantity in lakes, streams or rivers, threatened or endangered species or their habitats, wetlands and the public's right to navigate and associated incidents to navigation including fishing, swimming, wading and canoeing.

Please apply early and submit a complete application, which includes the six required attachments described on the application form, so that we can review your application thoroughly and quickly.

I've enclosed two fact sheets that answer many common questions about the permit process. If you have additional questions, please contact your Regional Natural Waterbody Permit Coordinator:

Randy Schumacher Phone: 920-662-5480

Sincerely,

Michael Staggs  
Director, Bureau of Fisheries Management
