Fish Farm Application For Use of Natural Body of Water
Form 3600-227 (R 3/13)

Notice: Use of this form is required by the Department for any application filed pursuant to ss. 29.733, Wis. Stats., and ss. NR 19.90-95, Wis. Adm. Code. The department will not consider your application unless you provide all information requested and submit the fee(s) indicated for the permit(s) selected. A social security number or federal employer identification number is **REQUIRED** when applying for a license listed in ss. 29.024(2g) or 29.024(2r), Wis. Stats. The number **SHALL NOT** be disclosed to any other person except the Department of Workforce Development or the Department of Revenue to determine liability for delinquent Wisconsin taxes or child or family support. Other personally identifiable information requested on this form will be used for program administration and may be provided to requesters as required by Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.].

Mail this form with its attachments and required fee to WDNR -Natural Waterbody Permits FH/4, PO Box 7921 Madison, WI 53707-7921.

Project Description

A "natural body of water" is defined in Wisconsin law as any spring, stream, pond, lake or wetland that was historically present in a natural state but may have been physically altered over time. A "freeze-out pond" is defined in Wisconsin law as a natural, self-contained body of water in which freezing or anoxic conditions prevent the body of water from naturally sustaining a fish population at least twice every 5 years.

Operating a fish farm in a Natural Body of Water requires a permit under NR 19, Wis. Adm. Code. I am applying for:

- NR 19 Permit Renewal** - for continued use of a natural waterbody that was previously permitted as a preexisting fish rearing facility or a freeze-out pond.
- Initial NR 19 Permit** - for new use of a natural waterbody for fish farming (note, the waterbody must be a freeze-out pond).
- Transfer of NR 19 Permit** - to convey an existing NR 19 permit from one party to another, as a result of change in ownership or leasehold interest of a fish farm.

Number and dimension of ponds, raceways or tanks. Describe here and attach a diagram (Attachment # 4)

1 POND APPROXIMATELY 3/4 ACRES IN SIZE

Business Purpose: Activities engaged in. (select all that apply)

- Distributor
- Hatchery
- Raising Bait For Sale
- Other - Specify:
- Processor, On-Site
- Grower
- Private, Personal Fishing
- Public Fee Fishing
- Raising Fish For Stocking
- Raising Fish to Directly Market for Human Consumption

1. What type of pesticides do you currently use or plan to use?

NONE TO DATE (INITIAL APPLICATION LISTED CHEMICALS USED)

2. Is your fish farm equipped with barriers that prevent the passage of fish between it and other water of the state? Yes No

3. If you are applying for an NR 19 Permit Renewal, have you made any facility changes - expansion, additional ponds, different species reared, etc. - over the last ten years?
 Yes No If yes, describe:

Species Information

Complete the following information regarding your operation: List the quantity of each size of the species of fish you possess or plan to raise on an annual basis in each pond, raceway, natural body of water, freeze-out pond, self-contained body of water or preexisting fish rearing facility.

Fish	Eggs	Fry	Fingerling	Yearling	Adult	Fish	Eggs	Fry	Fingerling	Yearling	Adult
Bass Largemouth				25	40	Bluegill				50	50
Bass Smallmouth				3	0	Crappie				25	50
Bullhead						Perch				50	100
Muskellunge						Pumpkinseed				25	50
Northern Pike						Sunfish				25	100
Walleye				20	40	Tilapia					
Chubs						Brook Trout					
Minnnows FATHEAD		100 [#] /YEAR		1500	3000	Brown Trout					
Shiners						Lake Trout					
Suckers						Rainbow Trout					
Atlantic Salmon						Other (List):					
Chinook Salmon						CATFISH				15	45
Coho Salmon											

Attachments (Provide all of the following)

1. Location sketch or map showing route to the project site, indicating nearest main road and crossroad, north arrow and scale.
2. Photocopy of deed, lease, land contract or other documentation showing that the land that is riparian to the body of water is owned, leased, or controlled by the permit applicant.
3. Photocopy of plat book showing property owners; photocopy of any easements for all properties surrounding the waterbody; and other documentation to show that none of the owners of the fish farm or riparian lands provide public access to the body of water by means of an easement or right-of-way or by means of a business open to the public. Note: the owners of the fish farm may allow fishing by the public for a fee.
4. Diagram showing number and dimensions of all ponds, raceways, tanks or other waterbodies to be used for fish farming.
5. For an Initial NR 19 Permit – Documentation to show the natural waterbody is a "freeze-out pond", meaning it is self-contained and has freezing or anoxic conditions that prevent a naturally-sustaining fish population at least twice every five years.
6. For a Transfer of NR 19 Permit – Photocopy of the previous owner's NR 19 permit, and documentation to show change of ownership.
7. Photocopy of any other permits or authorizations required by Ch. 30 or 31, Wis. Stats., the Army Corps of Engineers and any other federal, state or local laws and zoning ordinances for construction or operation of the fish farm. (Note: Permits issued under Ch. 30.19, 30.195 or 31.04 may mean your waterbody is exempt from a permit requirement.)
8. Photocopy of Department of Agriculture, Trade and Consumer Protection (DATCP) Fish Farm Registration from current or previous year.

Note: If conditions 2, 3, and 7 are met, then the DNR may find that your fish farm is exempt from a Natural Waterbody permit requirement. If so, the DNR will return your application and notify you of this finding.

Type of Permit and Fees

<input type="checkbox"/> Transfer of NR 19 Permit - \$100 fee	
<input type="checkbox"/> Initial NR 19 Permit - \$ 500 fee	
<input checked="" type="checkbox"/> NR 19 Permit Renewal- \$50 fee.	50.00
Make check or money order payable to the Department of Natural Resources (DNR)	
Total Fees Enclosed:	50.00

To Whom It May Concern:

As I said in the letter that I submitted in December, 2002 with my initial application for the NR16 Permit, I do not believe I need this permit.

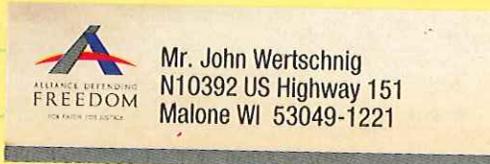

The springs that keep my pond full of water are all within the pond; no water is, was or has been diverted to create this pond as far as I know.

My Class C Private Fish Hatchery License was submitted in March, 1992.

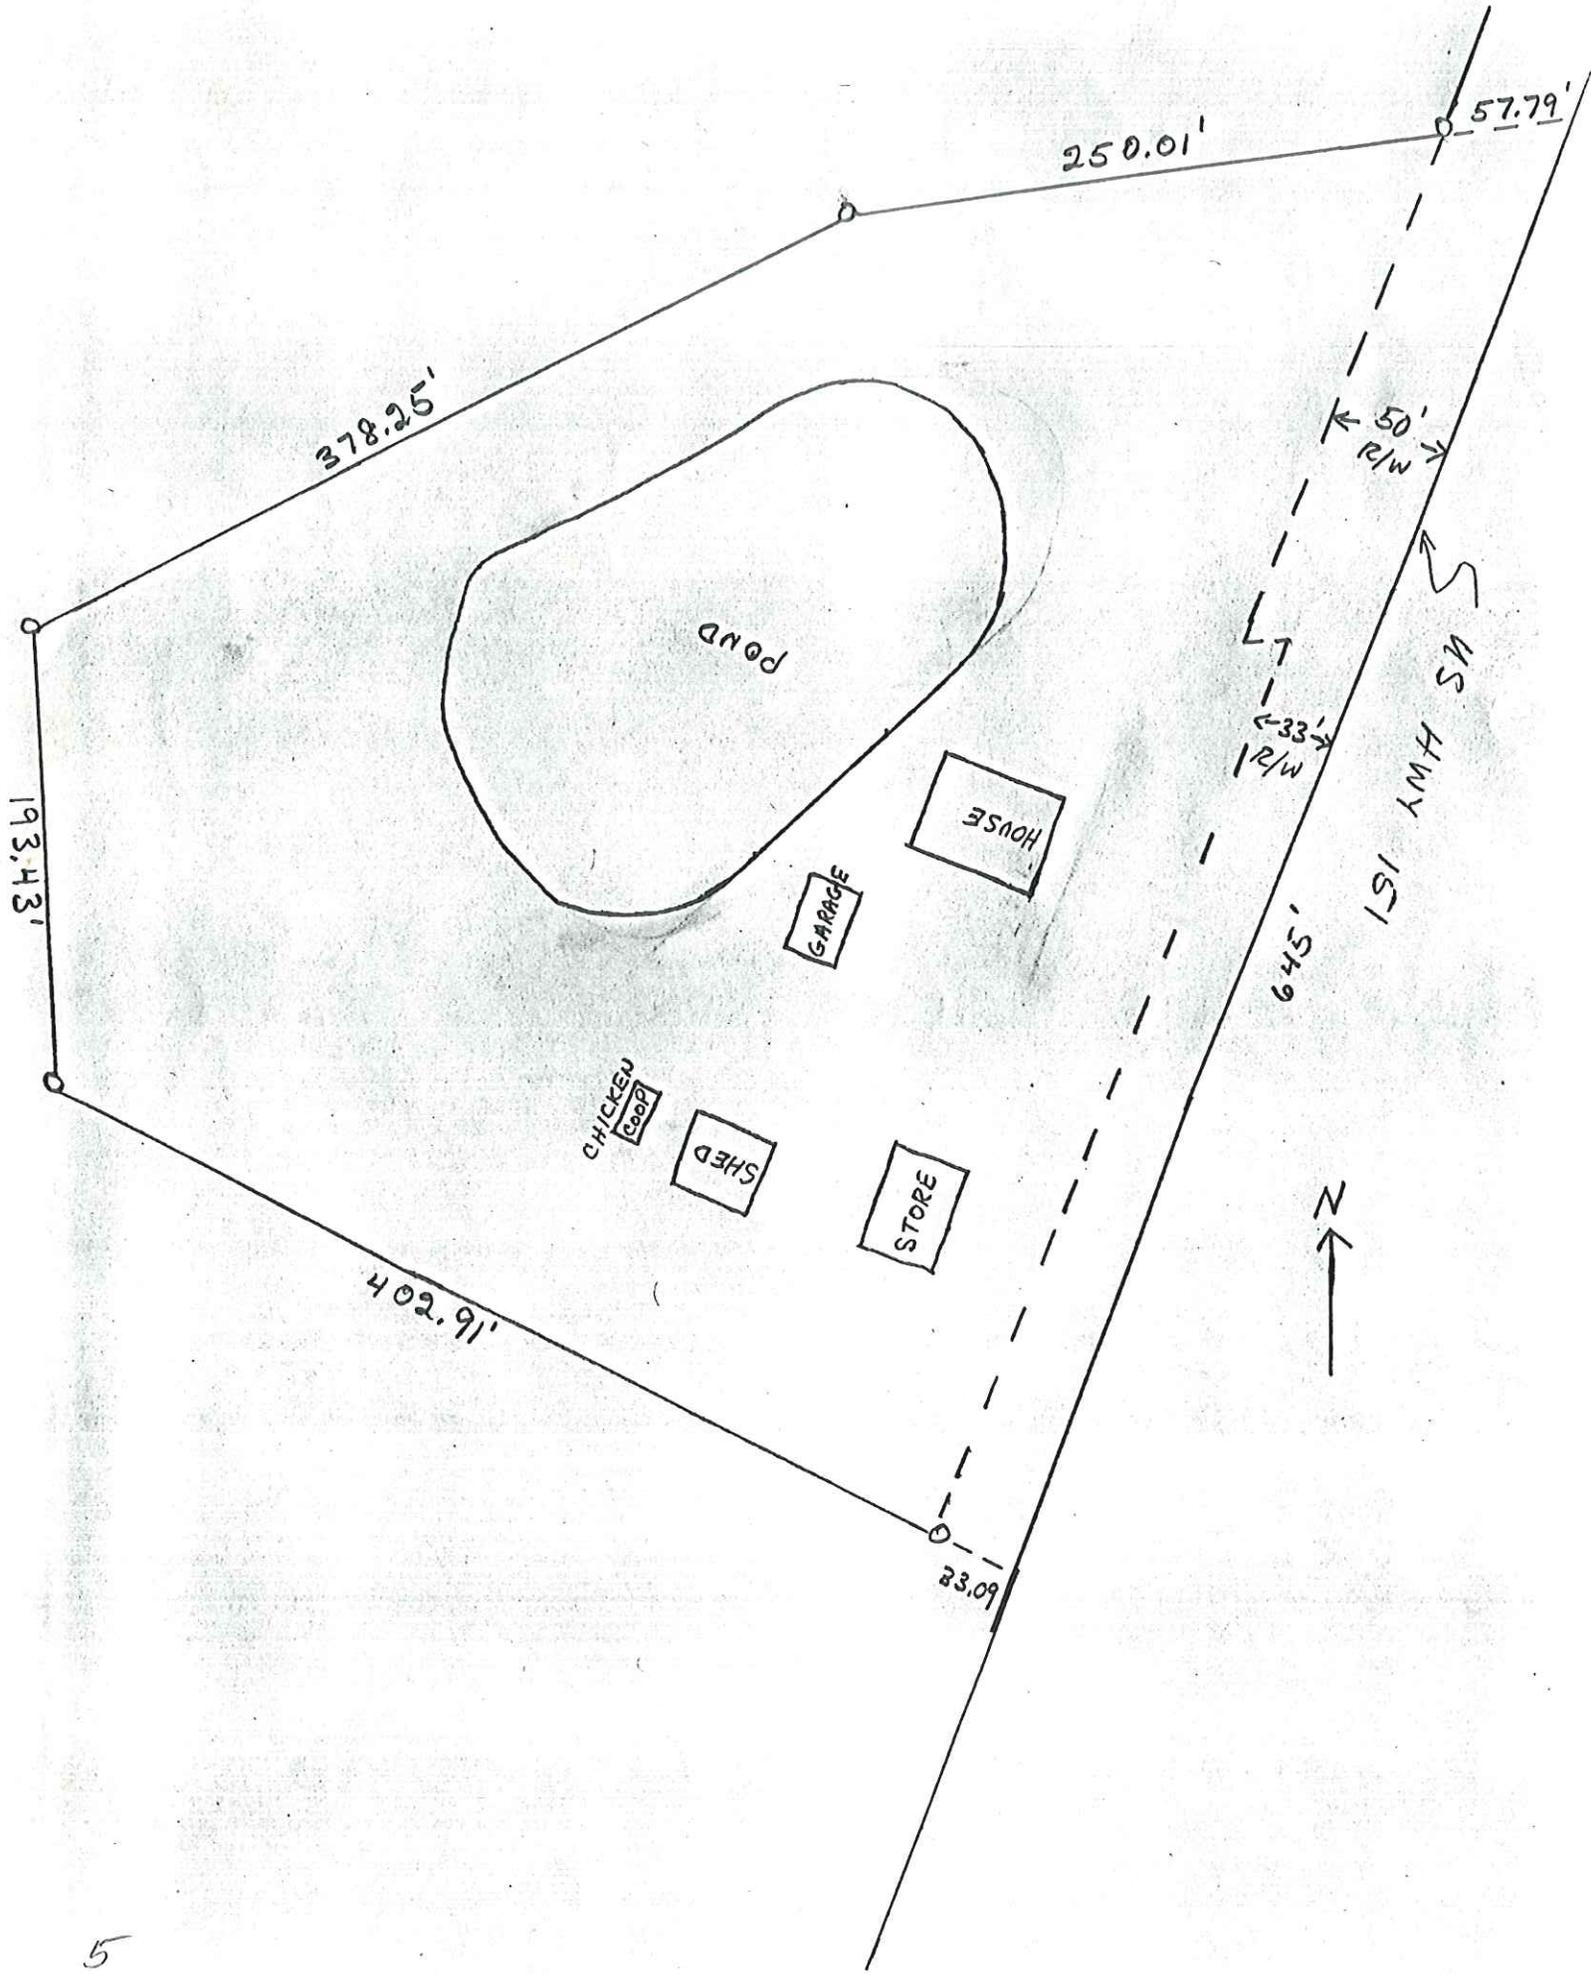

As requested, my check is attached along with the requested documents.

Sincerely,

John Wertschnig

FOREST CROP LAND/MANAGED FOREST LAND

Forest Crop Land (FCL) or Managed Forest Land (MFL) are dynamic. Designations shown are current as of the publication date. It is recommended that potential users of these lands contact the landowner or the Department of Natural Resources as to the applicable rules, regulations, and allowable uses and access.

Forest Crop Lands
Forest crop lands may be open to the public for hunting and fishing. Landowners may prohibit other activities in accordance with Wisconsin regulations.

Managed Forest Lands
Managed forest lands may or may not be open to public access. If open, public access is limited to hunting, fishing, hiking, sight-seeing, and other recreational activities.
