General Open Season: size limits and bag limits

Inland Streams and Connected Springs and Spring Ponds:

Open Season: First Saturday in May at 5: 00 a.m. through October 15 except as listed in the specific waters listed by county.

Daily Bag and Size Limits: Variable, check county base regulations, color coded maps and specific waterbody listings.

Inland Lakes and Ponds:

Open Season: First Saturday in May at 5: 00 a.m. through first Sunday in March except as listed in the specific waters listed by county

Daily Bag and size Limits: Variable, check county base regulations, color coded maps and specific waterbody listings.

Daily Bag and Possession Limit

The **Daily Bag Limit** is the maximum number of fish that an angler may reduce to his/her possession from a specified waterbody or a portion of a waterbody in one day.

Daily Bag and Size Limits: Variable, check county base regulations, color coded maps and specific waterbody listings.

The **total daily bag limit** is the maximum number of fish that an angler may reduce to his/her possession in one day from all waters or portions of waters fished for that day. An angler may combine the catch of a particular species from multiple waters until the **total daily bag limit** is reached as long as the Daily bag limit for each body of water is never exceeded. Be aware that while on the water, bank or shore of the water, or on the ice, you may not possess more than the daily limit for that body of water. For example, an angler catches a daily limit of brown trout from a 5-bag limit stream. The angler cannot then fish another stream with a 3 brown trout limit while still possessing the 5 brown trout from the previous stream.

Total Daily Bag Limit: 5 trout and salmon in total but only 2 may be lake trout, except as listed in the specific waters listed by county.

The **possession limit** means the maximum number of fish that a person may possess at any time.

Possession Limit: 10

- Oconto River (Oconto Co.), from the Stiles dam downstream to Green Bay;
- Little River (Oconto Co.), from the Highway 141 bridge downstream to the Oconto River;
- Little River (Marinette Co.), from the Rader Road bridge downstream to Green Bay;
- and Peshtigo River (Marinette Co.), from the Peshtigo dam downstream to Green Bay.

(NOTE: there is no hook and line fishing allowed for any species on all other Green Bay and Fox River tributaries and ditches, including tributaries to the above streams, from their mouth up to the first dam or lake from after the first Sunday in March to before the first Saturday in May. The open season on other Green Bay tributaries is from the first Saturday in May to the first Sunday in March, excluding the Menominee River.

- Open season for lake trout:** March 1 through October 31 on Lake Michigan tributaries and the following stream sections of Green Bay tributaries:
- Duck Creek (Brown Co.), from the first dam above the Pamperin Park footbridge (Village of Howard) downstream to Green Bay;
 - Suamico River (Brown Co.), from the CTH "HS" bridge downstream to Green Bay;
 - East River (Brown Co.), from the CTH "XX" (Hoffman Road) bridge downstream to the Fox River;
 - Little Suamico River (Oconto Co.), from the CTH "J" bridge downstream to Green Bay;
 - Pensaukee River (Oconto Co.), from the CTH "J" bridge downstream to Green Bay;
 - Oconto River (Oconto Co.), from the Stiles dam downstream to Green Bay;
 - Little River (Oconto Co.), from the Highway 141 bridge downstream to the Oconto River;
 - Little River (Marinette Co.), from the Rader Road bridge downstream to Green Bay;
 - and Peshtigo River (Marinette Co.), from the Peshtigo dam downstream to Green Bay.

The season for lake trout on all other Green Bay tributaries and ditches including tributaries to the sections of above named streams is the first Saturday in May to October 31.

Lake Superior Streams *(all are located in Ashland, Bayfield, Douglas and Iron counties and shown as black on maps)*

Streams flowing into Lake Superior have the following regulations from their mouths upstream to the first impassable permanent barrier unless shown in the **Specific Waters Listed by County** section.

Open season: First Saturday in May at 5:00 am to September 30 (current open season)

Daily Bag Limit: 5 trout and salmon in total, only 2 of which may be brown trout over 15" and only 1 of which may be a rainbow trout

Length Limit: brook trout 8", brown trout 10", salmon 12" and rainbow trout 26"

The regulations also apply to the entire stream if an impassable barrier does not exist. (NOTE: Stream reaches **upstream from impassable barriers** are managed as **inland** fisheries. Therefore, **refer to the inland** stream regulations colored Green, Yellow, or Red in the county tables.

Impassable permanent barriers on Lake Superior streams include, but are not limited to, the following:
