

**NOTICE OF WDNR
TROUT STREAM
CLASSIFICATION**

WDNR proposes trout stream classifications in Ashland and Iron Counties – Seven streams in Ashland County and five streams in Iron County are proposed for trout water classification based on their quality physical habitat, coldwater inputs, and ability to support naturally reproducing brook trout populations. All streams listed for classification are small unnamed headwater tributaries to more well-known trout fisheries. Streams include - Ashland County Class 2: Unnamed tributary to City Creek 1.09 (mi.) from the headwaters just south of West Lake Drive (south of Mellen) downstream to the confluence with City Creek (Town of Morse, T44N R2W S17), Unnamed tributary to Morgan Creek 0.81 (mi.) from the headwaters near County Line Road to the confluence with Morgan Creek (Town of Marengo, T45N R4W S31), Unnamed tributary to Morgan Creek 3.3 (mi.) from the headwaters south of Mineral Lake Road to the confluence with Morgan Creek (Town of Marengo, T44N R4W S6), and Unnamed tributary to Devil's Creek 1.05 (mi.) from the headwaters downstream to the confluence with Devil's Creek (Town of Morse, T44N R2W S9); Class 3: Unnamed tributary to City Creek 0.14 (mi.) from the pond outlet barrier below Jokinen Road (Ponderosa Road) downstream to the confluence with City Creek (Town of Morse, T44N R2W S8), Unnamed tributary to Devil's Creek 0.5 (mi.) from the headwaters downstream to the confluence with Devil's Creek (Town of Morse, T44N R2W S3), and Unnamed tributary to Devil's Creek 0.05 (mi.) from the headwaters downstream to the confluence with Devil's Creek (Town of Morse, T44N R2W S1). Iron County Class 1: Unnamed tributary to Tyler Forks 0.6 (mi.) from the headwaters downstream to the confluence with Tyler Forks River (Town of Anderson, T44 R1W S16). Class 2: Unnamed tributary to Vaughn Creek 2.46 (mi.) from the headwaters south of Curry Road downstream to the confluence with Vaughn Creek (Town of Gurney, T46N R1W S10), Unnamed tributary to Potato River 2.9 (mi.) from the headwaters (near Caroline Lake Road) to the confluence with the Potato River (Town of Anderson, T45N R1W S25), and Unnamed tributary to Boomer Creek 3.95 (mi.) from the headwaters downstream to the confluence with Boomer Creek (Town of Saxon, T46N R1E S34); Class 3: Unnamed tributary to Tyler Forks 1.36 (mi.) from the headwaters downstream to the confluence with the Tyler Forks (Town of Anderson, T44N R1W S5). The Department shall waive any hearing requirement on this classification unless a written request for a hearing is received before October 15, 2015. Requests should be sent to: Zach Lawson, Senior Fisheries Biologist, Wisconsin DNR, 5291 N. State House Circle Mercer, WI 54547. He can be contacted by telephone at (715) 476-7847.
