

A photograph of a beach at dawn. In the foreground, there are clumps of tall, green dune grass with dark, feathery seed heads. The grass is growing on a sandy beach. In the background, a large body of water, likely a lake, stretches across the horizon. The sky is a pale, hazy blue, and the water has a similar blue-gray tone. The overall atmosphere is misty and serene.

**Hazy Dawn**  
by Charles Rossiter

early morning,  
just me and the lake,  
that familiar blue-gray  
of hazy dawn,  
the trackless shoreline,  
dew-wet dune grass  
glistening in the wind
