Lake
Michigan

A black and white photograph of a frozen lake. The foreground is covered in snow and ice, with the words "Lake Michigan" written in a cursive script. The middle ground shows a wide expanse of frozen water with some snow patches. In the background, a dark, wooded shoreline is visible under a grey, overcast sky.

“Remnants of a Storm” by Eve Schrank
Milwaukee, WI

“Rocky Coast” by Julie Strey
Cave Point County Park

A photograph of a rocky coastline. The foreground shows a body of water reflecting the sky and the rocks. The middle ground is dominated by a steep, layered rock face, likely limestone or sandstone, showing distinct horizontal strata. The rocks are light-colored with some darker patches and are partially covered by green moss or lichen. Above the rock face, there is a dense line of green trees, possibly deciduous, with their branches extending over the cliff. The sky is a clear, bright blue with a few wispy clouds near the horizon. The overall scene is a natural, scenic view of a rocky shore.
