

**For Public Comment, April 2012:
New waterbodies proposed for listing, delisting, or additional pollutant/impairment combinations**

In response to comments or corrections received during the Dec.-Feb. public comment period, the Department has made some changes to the proposed Impaired Waters List. The waters listed below are proposed for listing, delisting, or for addition of a pollutant/impairment combination.

NOTE: This table does NOT include:

- Those waters being newly listed under revised protocols for phosphorus listing in Category 5P (or other categories). These are waters where phosphorus criteria are exceeded but there are no data indicating an impairment to fish, habitat, or recreation.
- Other changes previously public noticed from Dec. 2011-Feb. 2012.

The waters specified above are provided in a separate documents, found at the following website: <http://dnr.wi.gov/org/water/condition/impaired/>

Table 1. Waterbodies newly proposed for listing, delisting, or addition of a pollutant during the April 2012 public comment period.

Counties	Waterbody Name	Segment	WATERS ID	WBIC	Pollutant	Listing Action
Barron	Bass Lake	1	15778	1832800	Mercury	Delist
Barron	Silver Lake	1	15841	1881100	Mercury	Proposed for List
Dane	Oregon Br	1	11656	800700	PCBs	Proposed for List
Dane	Odana Pond	1	34522	3000513	Total Phosphorus, Chloride	Proposed for List
Dane	Lake Wingra	1	116677	805000	PCBs	Addition
Dane	Unnamed	1	1516935	800800	PCBs	Proposed for List
Iron	Spider Lake	1	14992	2306300	Mercury	Proposed for List
Lincoln	Bass Lake	1	127945	969600	Mercury	Proposed for List
Lincoln	Long Lake	1	127980	1001000	Mercury	Proposed for List
Manitowoc	West Twin River	1	18050	87000	PCBs	Addition
Milwaukee	Lincoln Creek	1	9999	19400	PCBs	Addition
Rusk, Chippewa	Sand Lake	1	18665	2353600	Mercury	Proposed for List
Shawano	White Clay Lake	1	11102	326400	Total Phosphorus	Proposed for List
Vilas	Birch Lake	1	128412	2311100	Mercury	Delist
