	TOTALS:	525,660.64	447,598.04
	GRAND TOTALS:	1,239,764.52	1,141,232.49

NOTE: Section 70.113 of the Statutes was changed effective in 1998. The change increased the rate the Department pays on all land acquired before July 1, 1969 from 80 cents per acre to 88 cents per acre. Further, the change in Statute required that the additional 8 cents per acre be paid from the Conservation Fund (FUND 212). Accordingly, all lands shown as paid out of Fund 100 S16 FIXED receive an additional 8 cents per acre from Fund 212 VD6 FIXED. The acres affected by this change are shown opposite the lines labeled 100 S16 FIXED and are NOT included in the acreage shown opposite lines labeled 212 VD6 FIXED. The additional cost of this 8 cents per acre is shown in the dollar amount opposite the lines labeled 212 VD6 FIXED and is NOT included in the dollar amount opposite the lines labeled 100 S16 FIXED.
