Public Comment on the Draft Master Plan for the Sauk Prairie Recreation Area

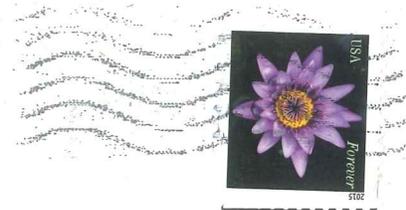

I am writing to support the WDNR's proposals for ecological restoration, habitat management and quiet nature-based recreation on the former Badger Ammo lands but do NOT support proposed on/off-road motorcycles, high power rocketry and a future gun range because: *of the atrocious damage ~~to~~ caused by noise, pollution, landscape and habitat destruction, disruption and survival hazard to wildlife, plants, and to human rights to a natural area's features!*

John Pohlman - LF/6

Public Comment on the Draft Master Plan for the Sauk Prairie Recreation Area

I am writing to support the WDNR's proposals for ecological restoration, habitat management and quiet nature-based recreation on the former Badger Ammo lands but do NOT support proposed on/off-road motorcycles, high power rocketry and a future gun range because:
a prairie reflects peacefulness. Devices that create noise need their own, separate recreational area.

Public Comment on the Draft Master Plan for the Sauk Prairie Recreation Area

I am writing to support the WDNR's proposals for ecological restoration, habitat management and quiet nature-based recreation on the former Badger Ammo lands but do NOT support proposed on/off-road motorcycles, high power rocketry and a future gun range because: Noise will ruin the area for both the people trying to enjoy a quiet place to spend time AND for the animals & birds that we hope will return & stay in the restored land. ALSO: The bigger the restored area, the more species will be there. If it is cut up for different

John Pohlman - LF/6

Public Comment on the Draft Master Plan for the Sauk Prairie Recreation Area

I am writing to support the WDNR's proposals for ecological restoration, habitat management and quiet nature-based recreation on the former Badger Ammo lands but do NOT support proposed on/off-road motorcycles, high power rocketry and a future gun range because:

Wisconsin seems to have plenty of natural areas that are predominantly woody, but to our knowledge there are few areas where grasslands predominate. We would love to drive up to the Sauk Prairie Recreation Area for hikes of 2-4 hours duration, but we won't drive up if there is a chance that a hike in the

John Pohlman - LF/6
WI Dept of Natural Resources
PO Box 7921
