

# Basics of Prescribed Burning

Saturday March 7 8:30 AM– 3:00 PM Dodgeville, WI

---

Please join us to learn from local experts the basics of prescribed burning, how it is done safely, and why it is important. This course will also provide information about further training and burn contractors, but is *not* designed to prepare you to serve as a burn boss or conduct burns on your own. Participants will also be invited to observe a burn at a later date.
