"WISCLAND" is the Wisconsin Initiative for Statewide Cooperation on Landscape Analysis and Data. General information about WISCLAND may be found in Appendix C, "Data Sources Used in the Handbook" in the back matter of the handbook following Part 1. Extensive additional information about this data set, including data lineage information, is provided in the 'Land Cover of Wisconsin, User's Guide Land Cover Data', 1999, Wisconsin DNR. The User's Guide is accessible at: <http://dnr.wi.gov/maps/gis/data/landcover.html>.
