

PERROT STATE PARK

Public Programs

All programs are free and meet at the Nature Center, unless otherwise stated.
A WI State Park sticker is required for motorized vehicles stopping in the park.

Saturday June 14th, 2014

10:00 a.m.-Learn to Canoe.

Bring your own canoe or rent a canoe from the Park Office (before 9:00a.m. would be a good idea, as we will begin promptly at 10:00a.m.). Join Park Naturalist John Carrier for some expert tips and tricks. Adults and kids welcome! Even experienced paddlers will learn some helpful tips from a certified instructor. Meet at the canoe launch site near the Nature Center.

1:00p.m.- Boater Safety: Not A Dry Subject!

It's not just, "Wear Your Life Jacket!" If you operate a boat, any kind of boat, Wisconsin DNR Conservation Wardens Chris Shea and Paul Hartrick can help you play safe with your watercraft. Lots of fun, interactive activities, and hands-on learning. Bring the kids! Meet in the Nature Center.

3:00p.m.-Frogs and Wogs, Naiads and Nymphs

Get down and dirty! This is one of our family favorite programs! Scoop up the muck and find out what makes our watery ecosystem tick. Wear long sleeves and long pants, shoes you don't mind getting a little muddy and insect repellent! Program starts at the East Brady's Bluff parking lot near the park headquarters.

9:00p.m.- Universe In the Park at Merrick State Park Nature Center!

Travel 30 minutes north to Merrick State Park. UW Astronomy graduate students present a fascinating multimedia program peering out into the galaxy and beyond. Then it's outside for an amazing look through a powerful telescope for stargazing. Make the kids take a nap, and enjoy the late night sky.

A special THANK YOU to the FRIENDS OF PERROT for sponsoring the Naturalist!!
