

Trail News – 5/27/09

New E-mail Subscription Service now Available for DNR Website

The Wisconsin Department of Natural Resources has launched a new e-mail subscription service (Gov Delivery) to make it easier for you to learn about and receive updates on the topics which interest you. As a Trail News subscriber you will continue to receive Trail News messages through Gov Delivery.

You may have inadvertently received a number of e-mail updates for conditions at State Parks. Gov Delivery has corrected this error and you will no longer receive these updates unless you choose to. We apologize for any inconvenience these e-mails may have caused.

In addition to Trail News messages, you can [sign-up for other e-mail updates](#), such as hunting, fishing, and state park conditions to customize your e-mails based upon your particular interests.

With Gov Delivery you can password protect your subscriptions and preferences, change your e-mail address, or remove yourself at any time by accessing your [Subscription Preferences page](#). You will need to log in with your e-mail address. Be sure to save your changes, and look for a confirmation via e-mail verifying the updates you make.

In addition to the functions listed above, you can also:

- Choose a frequency preference for how often you'd like to receive e-mails
- View an archive of messages sent to you through this service
- Access a personal RSS feed with your updates

[Manage Your DNR Subscriptions:](#)

Add new subscriptions, delete subscriptions, and manage your profile.

If you have questions or problems with the subscription service, please contact support@govdelivery.com.

Other inquiries can be directed [to the DNR](#).
