Notice: Pursuant to ss. 283.33 and 283.37, Wis. Stats., and chs. NR 151 and 216, Wis. Adm. Code, this form is used to apply for coverage under Wisconsin Pollutant Discharge Elimination System (WPDES) Municipal Separate Storm Sewer System (MS4) General Permit No. WI-S050181-1. This form and any required attachments constitute the permit application. Personal information collected will be used for administrative purposes and may be provided to requesters to the extent required by Wisconsin's Public Records Laws (ss. 19.31-19.39, Wis. Stats.).

Instructions: Complete all sections of this permit application. If additional space is needed to respond to a question, attach additional pages. Provide descriptions below that explain the program activities that you expect to develop and implement to comply with the MS4 general permit. Information on the MS4 general permit and the MS4 storm water program are available at: <http://dnr.wi.gov/topic/stormwater/municipal/>. Section 3 of the MS4 general permit contains the compliance schedule that directs when the individual program activities need to be developed and submitted to the Department for review. The detailed programs that are developed and submitted to the Department for review may deviate from the program activities described below if necessary. The descriptions provided below are necessary for the Department to verify that the municipality's program activities comply with the permit.

Section I: Applicant Information

Name of Municipality
 VILLAGE OF EDEN

Mailing Address PO BOX 65	City EDEN	State WI	ZIP Code 53019
County(s) in which Applicant is located FOND DU LAC	Type of Municipality: (check one) <input type="checkbox"/> County <input type="checkbox"/> City <input checked="" type="checkbox"/> Village <input type="checkbox"/> Town <input type="checkbox"/> Other (specify)		

Section II: Local Contact Information

Name of Municipal Contact Person
ERIC OTTE

Title
ENGINEER

Mailing Address 548 PRAIRIE RD	City FOND DU LAC	State WI	ZIP Code 54935
Email address ERICOTTE@JEAAA.COM	Phone Number (incl. area code) 920.922.5703	Website address, if available JEAAA.COM	

Section III: Water Quality Concerns

Yes	No	
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Does any part of the MS4 discharge to an outstanding resource water (ORW) or exceptional resource water (ERW) listed under s. NR 102.10 or 102.11, Wis. Adm. Code? (A list of ORWs and ERWs may be found on the Department's Internet site at: http://dnr.wi.gov/topic/surfacewater/orwerw.html)
<input checked="" type="checkbox"/>	<input type="checkbox"/>	Does any part of the MS4 discharge to an impaired waterbody listed in accordance with section 303(d)(1) of the federal Clean Water Act, 33 USC § 1313(d)(1)(C)? (A list of Wisconsin impaired waterbodies may be found on the Department's Internet site at: http://dnr.wi.gov/topic/impairedwaters/)

Section IV: Potential Permit Exemption

Yes	No	Section NR 216.023, Wis. Adm. Code, allows certain MS4s that have less than 1000 people residing in an urbanized area to be waived from municipal storm water permit coverage.
<input type="checkbox"/>	<input checked="" type="checkbox"/>	Do you believe that the MS4 may be eligible for this potential exemption as described in s. NR 216.023, Wis. Adm. Code?

If yes, please provide documentation supporting a permit exemption including the following (Attach additional pages if necessary):

- Total municipal area in square miles
- Total municipal population (2010 U.S. census)
- MS4 service area within Urbanized Area in square miles
- Municipal population within Urbanized Area (2010 U.S. census)
- Additional information supporting an exemption under s. NR 216.023, Wis. Adm. Code

Note: Urbanized Area information is available from the USEPA at:

<http://water.epa.gov/polwaste/npdes/stormwater/Urbanized-Area-Maps-for-NPDES-MS4-Phase-II-Stormwater-Permits.cfm>

Section V: Summary of Municipal Storm Water Program Activities

Describe the programs or activities the municipality is doing or will do to comply with the requirements of the MS4 general permit. Attach additional pages if necessary.

A. Public Education and Outreach

Describe the public education and outreach program activities that the municipality will implement to comply with section 2.1 of the MS4 general permit.

SEE ATTACHED

B. Public Involvement and Participation

Describe the public involvement and participation program activities that the municipality will promote to comply with section 2.2 of the MS4 general permit.

SEE ATTACHED

C. Illicit Discharge Detection & Elimination

Describe the illicit discharge detection and elimination program authority and activities that the municipality will develop and implement to comply with section 2.3 of the MS4 general permit.

SEE ATTACHED

D. Construction Site Pollution Control

Describe the construction site pollutant control program authority and activities that the municipality will develop and implement to comply with section 2.4 of the MS4 general permit.

SEE ATTACHED

E. Post-Construction Site Storm Water Management

Describe the post-construction storm water management program authority and activities that the municipality will develop and implement to comply with section 2.5 of the MS4 general permit.

SEE ATTACHED

F. Pollution Prevention

Describe the pollution prevention program activities that the municipality will implement to comply with section 2.6 of the MS4 general permit.

SEE ATTACHED

Section VI: Certification

I hereby certify that I am an authorized representative of the municipality that is the subject of this application for general permit coverage, and that the information provided is true and complete, to the best of my knowledge. I understand that Wisconsin law provides severe penalties for submitting false information.

ADDENDUM TO SECTION V Summary of Municipal Storm Water Program Activities Village of Eden, Wisconsin

INTRODUCTION

The following is intended to provide information relative to the Notice of Intent to Apply for Coverage under WPDES MS4 General Permit No. WI-S050181-1. It is important to note that at the time this application was prepared, the Village of Eden has not begun any storm water management planning.

A. PUBLIC EDUCATION AND OUTREACH

1. *Promote detection and elimination of illicit discharges and water quality impacts associated with discharges from municipal separate storm sewer systems. **Direct mailings, public hearings and links to information regarding these topics on the municipal website.***
2. *Inform and educate the public about the proper management of materials that may cause storm water pollution from sources including automobiles, pet waste, household hazardous waste and household practices. **Direct mailings, public hearings and links to information regarding these topics on the municipal website.***
3. *Promote beneficial onsite reuse of leaves and grass clippings and proper use of lawn and garden fertilizers and pesticides. **Direct mailings, postings at the municipal dump and links to information regarding these topics on the municipal website.***
4. *Promote the management of streambanks and shorelines by riparian landowners to minimize erosion and restore and enhance the ecological value of waterways. **Direct mailings to riparian owners and links to information regarding these topics on the municipal website.***
5. *Promote infiltration of residential storm water runoff from rooftop downspouts, driveways and sidewalks. **Direct mailings and links to information regarding these topics on the municipal website.***
6. *Inform and where appropriate educate those responsible for the design, installation and maintenance of construction site erosion control practices and storm water management facilities on how to design, install and maintain the practices. **Include instructions and information on best management practices with all application materials for building permits.***
7. *Identify businesses and activities that may pose a storm water contamination concern, and where appropriate, educate specific audiences on methods of*

storm water pollution prevention. **Direct mailings, public hearings and links to information regarding these topics on the municipal website.**

8. *Promote environmentally sensitive land development designs by developers and designers, including green infrastructure and low impact development. Include instructions and information on best management practices with all application materials for building permits.*

B. PUBLIC INVOLVEMENT AND PARTICIPATION

1. Encourage residents to use rain barrels.
2. Encourage residents to construct rain gardens.
3. Encourage residents to mulch grass clippings and leaves instead of using the municipal dump for yard waste.

C. ILLICIT DISCHARGE DETECTION AND ELIMINATION

1. Adopt an ordinance to prevent and eliminate illicit discharges and connections to the MS4.
2. Develop and implement dry weather field screening at major outfalls.

D. CONSTRUCTION SITE POLLUTION CONTROL

1. Adopt a construction site pollution control ordinance in conformance with model DNR ordinance.
2. Local Enforcement through the permitting process.
3. Routine inspections of active construction sites for permit compliance.

E. POST CONSTRUCTION SITE STORM WATER MANAGEMENT

1. Adopt a post construction site storm water management ordinance in conformance with model DNR ordinance.
2. Maintain list of permitted sites and facilities and perform routine inspections for permit and long term compliance.

F. POLLUTION PREVENTION

1. Maintain Street Cleaning program.
2. Implement a storm water management plan for the municipal dump.
3. Develop procedures and policies for snow removal contractors.
4. Develop procedures and policies for deicing public streets.
