<u>Species</u>	<u>Cord</u> <u>Equivalent</u>	<u>Tons</u>	<u>Advertised</u> <u>Value/Ton</u>
Red Pine*	(667)	1500	\$24.10

* Includes approx. 156 MBF red pine sawlog volume

Estimated Price for Entire Sale = \$ 36,150.00

Purpose of Sale:

To thin three red pine plantations and salvage trees dying from pocket decline.

Special Operating Requirements and Slash Disposal:

1. This sale is **entirely high, dry ground with no seasonal restrictions.**
2. The sale boundaries are woods trails, a blue paint line, and the edges of plantations. There is a separate 1-acre red pine clearcut on the far north end of the sale that is surrounded by saplings.
3. **No biomass harvesting is allowed on this sale.**
4. All pine products cut between March 1 and August 30 must be removed from the sale area within three weeks from time of cutting. Pine products cut during the remainder of the year must be removed before March 15.
5. Slash must be evenly lopped/scattered within the sale boundary and shall be deposited a minimum of 10 feet from the mowed right-of-way of any highway, town road, or recreational trail. Slash within 50 feet of all town roads and recreational trails must lie within 2 feet of the ground. Do not bury seedlings or saplings with slash.

General Requirements:

1. All designated tree species must be cut and forwarded concurrently with the sale.
2. All stumps shall be no higher than the stump diameter, or 10 inches, whichever is less.
3. Do not cut or knock down any dead or hollow trees. These are important wildlife habitat. Any that must be cut shall be left in big pieces on the forest floor.
4. **Utilization:** cut and use all designated trees with one or more 100" sticks to a 4" top diameter.
5. Notify the DNR forester before you start the job, and each time you pull out or return to the job.
6. Any new roads and all landings must be approved by a DNR forester before operations begin.
7. Any berms removed during harvesting operations must be put back to the satisfaction of the DNR Forester.
8. Any trees cut or pushed over for new roads or landings must be utilized or cleaned up to the DNR Forester's satisfaction.
9. Contact the town of Komensky prior to beginning logging operations at: 715-299-0093.
10. **Wisconsin's Best Management Practices for Invasive Species applies – contractor must clean equipment before entering and leaving the sale area! This involves brushing away all dirt and cleaning air intakes of debris.**
