

Public Action Team Implementation Proposal

Action Team: Science/Research	DNR Research and Technical Publications H.6.
<input type="checkbox"/> Draft <input checked="" type="checkbox"/> Submitted	Deer Trustee Report Page 76

This document shows the original Deer Trustee Report recommendation that the Public Action Team considered when developing proposals for implementing the recommendation in Wisconsin. The Public Action Team's implementation proposal is presented then followed by additional background information.

I. ORIGINAL DEER TRUSTEE REPORT RECOMMENDATION

H.6. Synergies with other agencies and greater cooperative efforts, particularly with those in forestry and geospatial disciplines, would help leverage funding and strengthen projects.

II. PUBLIC ACTION TEAM PROPOSAL FOR IMPLEMENTING THE ABOVE RECOMMENDATION

Below is the Public Action Team implementation proposal along with their rationale and supporting evidence, potential implementation obstacles and consideration of the proposal's potential impact on the overall deer management in Wisconsin.

1. Action Team Implementation Proposal:

- Endorse this recommendation and support collaboration across agencies to help leverage funding and strengthen projects however questions about GIS information and collaboration across agencies exist.

2. Supporting data, references, rationale and other information to help others understand the proposed idea and perspective behind it.

- No comment submitted by the Team.

3. Consider and describe potential implementation obstacles or drawbacks to your proposal and possible remedies to address these during implementation.

- No comment submitted by the Team.

4. Overall, consider and describe how the proposal might simplify or complicate deer hunting, management or scientific research in Wisconsin?

- No comment submitted by the Team.
