

Printing Safety Ed Certificates:

DNR no longer prints OR mails safety education certificates.

Customers must now print their safety education certificates from their Go Wild homepage, “Student Dashboard”.

- a. Customer clicks this link, <https://gowild.wi.gov/> and follows instructions to get to their Student Dashboard
- b. From the home page click: “Student Dashboard”

Click on the PDF icon that is to the right of the Certificates Awarded

You can print it or save a pdf file to your computer or smart device.

NOTE: if you are taking advantage of the “first time hunter education graduate privilege” of using the “free small game license” you will need to print and carry this certificate on you while hunting small game.
