SUMMARY:

Kettle Moraine State Forest - Lapham Peak Unit plays host to nearly 550,000 visitors annually, many of which are students from the surrounding urban communities of Milwaukee and Waukesha counties who attend outdoor educational field trips. During their visits, students are in need of a place to enjoy lunch in the shade or seek refuge from a brief rainstorm. The Friends of Lapham Peak have identified this project as a means of providing a critical need for the safety and well-being of these students as well as benefiting numerous other visitor events such as foot races, family reunions, birthday parties, cookouts, and weddings. The Property Manager and staff support this project.

RECOMMENDATION: That the Board accept the generous donation of $66,500 from Friends of Lapham Peak, Inc.
