Appendix B - Required for Trail Rehabilitation or Development

☐ Trail Rehab  ☑ New Trail

County  Township  Range  Section  % %  GPS Coordinates:
Shawano  26 N  12  10  SW  SW  Lat.  44.74
Long.  -89.04

Funded Trail Name or Number  Has this trail ever received development or rehabilitation funds in the past?

N/A  ☑ Yes  ☐ No  Year:

Trail is located on:

☐ Private property  ☐ Public property  Length of Easement or Landowner Use Agreement

Landowner Where Trail is Located  Telephone Number

Village of Tigerton  (715) 881-1135

What other recreational trail uses are planned for this trail?
The 8.5 miles of new trails will be limited to OHM use only.
If there are other Recreational uses planned, how much of the trail development/rehab. cost will be paid for by other users?

How many miles would be affected if this project is not funded?  If not funded, will this result in closure of a trail?

8.5  ☑ Yes  ☐ No

Is this a critical section to the overall trail system?  Is there a reasonable alternative?

☐ Yes  ☐ No  ☐ Yes  ☐ No

Does any section of this trail contain a bridge?

☐ Yes  ☐ No  Will this bridge require rehabilitation in the next few years?

☐ Yes  ☐ No  Load capacity of the bridge.

☐ Engineered  ☐ Estimated  lbs.  ☐ Unknown

☐ Yes  ☐ No  Have you contacted your local DNR Water Management Specialist (WMS) regarding a permit?

☐ Yes  ☐ No  Is a permit needed?  (Please provide any written correspondence from WMS.)

☐ Yes  ☐ No  Will this project be located near or cross any intermittent or perennial waterway?  Surface Water Data Viewer

☐ Yes  ☐ No  Will this project be located near or cross any wetland?

☐ Yes  ☐ No  Will this project involve land disturbance—including clearing and grubbing—of 1 acre or more of land?  DNR Storm Water Contact List. Note: Reasonable calculations of the treadway and actual soil disturbance determines this number.

Trail Project Detailed Description
The Embarrass River OHV Park proposes 8.5 miles of new trail for OHM's. This trail would be on the same ~500 acres as the current ATV trails but would provide pinch points to allow OHM's only on the new miles. The trail will use all current ATV trail structures (bridges/ culverts) for crossing waterways to avoid disruption of wetlands and minimize cost. This trail will incorporate some flatland woods riding as well as rock outcroppings to appeal to some of the riders who enjoy trial areas. The majority of work is cutting logging slash and installing signs. The major expenses are trail and route marking materials. Minimal power equipment may be needed. Volunteers will complete most of the work. OHM's would also be able to ride the approximate 20 miles of current Atv Trails on the property, which will allow families to all ride together if they have different types Off-highway vehicles.

With approval from the Village of Tigerton and Shawano County Highway Department, we need to create an OHM Route to allow limited use motorcycles access to both sections of OHM trail since they are separated by a water body and only accessible by road, the proposed longest route would extend from the intersection of Hwy 45 and CTH M east on CTH M to the south access gate of the ATV trails (1.7 miles) and the entirety of Quad Park Lane. We have proposed three different route options if the overseing departments don't agree with the fullest extent of the route. Both of these roads listed above are already designated as ATV route. Village employees will install route signs to DOT specifications. Labor and cost of signs will be in the only expenses for the route. Trail will be closed to OHMs in winter.
