

Citizen Resolution # 091021

(For Hearing Officer completion)

Lower walleye limit on Green Bay

I would like to submit a citizen's request for a rule change for the Bay of Green Bay. This body of water is an excellent fishery, but I feel the walleye limit needs to be changed to three. The number of catchable fish has declined in the past few years due to extreme pressure and the size of the fish has declined significantly as well. Would you support lowering the walleye bag limit to 3 for the bay of Green Bay?
