

Citizen Resolution # 240321

(For Hearing Officer completion)

reduce walleye limit from 5 to 3 with slot

Little Green Lake has a 5 walleye 15 inches and bigger limit per day. This should be reduced to 3 fish with a slot where you can keep them 15 inches to 20 inches and 1 over 28 inches per day. Little Green has a aggressive walleye stocking program but can not keep up with the fishing pressure. If smaller limit and a slot is added the walleyes will be able to spawn more and grow to trophy size. For a lake that is only 465 acres this fish limit and slot is size is essential to ensure quality fishing.

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
