October youth deer hunt change of date

Whereas, hunter retention and recruitment are on the decline, it is important to give youth opportunities to see active deer and potentially harvest an antlered buck during a youth only gun deer season. Moving the youth gun hunt back to the last weekend in October would increase opportunities for youth during a gun deer season, as it is the during the deer rut where deer are more active throughout the day.
Be it Resolved, On April 12th, 2021 that the Conservation Congress at its annual meeting, would you support the Wisconsin Conservation Congress work with the DNR to return the annual youth gun-deer hunt to its original date of the last weekend in October?
