Dec 10 deadline for the Bear permit drawing. You may change your choices any time before the deadline either online through your Go Wild account or by contacting the DNR.

Groups up to four can apply together by designating a leader and using her/his DNR customer ID on all apps. The group leader's application choices are used in the drawing as well as the preference from the lowest preference group member. Unsuccessful applicants will receive one preference point to be used in future Bear drawings. You must apply once every three years to retain your preference points.

Group Application

Each member of the group must submit an application. If group members have different preference status, the lowest preference will be used for the group. Group members must request identical zones and time periods in the same order. If different, the choices on the group leader's application will be used. For Spring Turkey groups - group members claiming landowner preference will lose that preference if the zone differs from that of the group leader's.

Select one member of the group as the 'Group Leader'. Enter the Group Leader's DNR Customer ID Number on each group member's application. The Group Leader must enter his/her own DNR Customer Number as well. Failure to enter a Group Leader's DNR Customer Number will disallow you from the group.
