

HOW TO: Use your DNR GoWild account

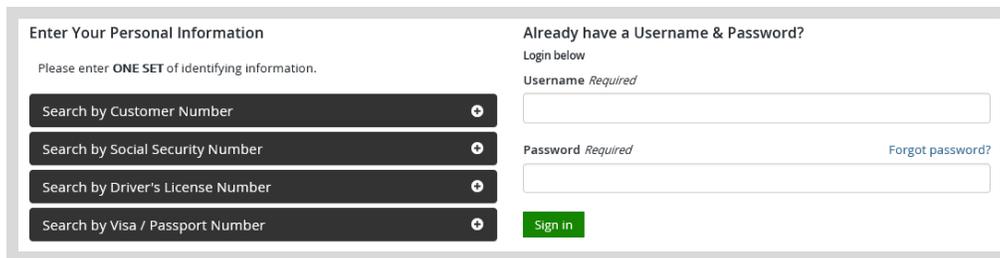

STEP 1: Log in / create your Go Wild account

- Visit the website gowild.wi.gov. If you have already set up a username/password for your account, you may log in directly using that. If you have not yet created a username/password, use the "Account Lookup" option to search for your account or create a new account if necessary.

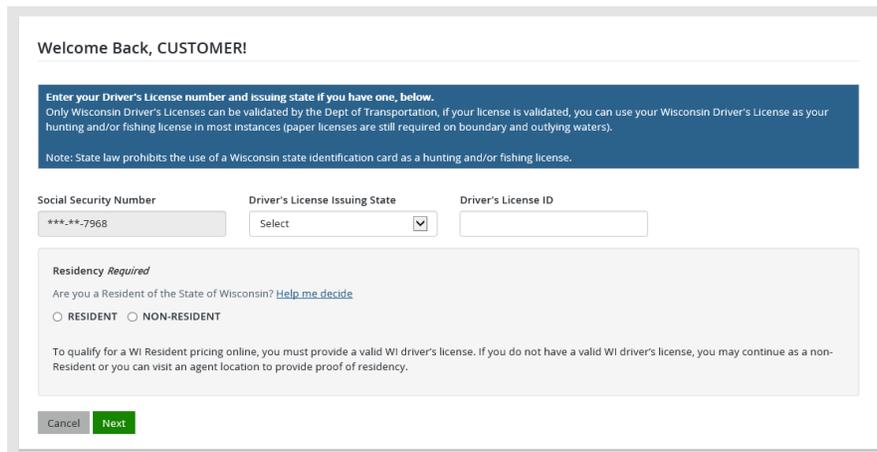

The image shows the GoWild login and account creation interface. On the left is the GoWild logo featuring a deer silhouette. To the right are two input fields: "Username" with a "Forgot username?" link and "Password" with a "Forgot password?" link. Below these is a green "Log In" button. A red arrow points to the text "Don't have one? Create a new account or use Account Lookup" located below the password field.

- **Access your Account** - Search for your existing customer record using one of the four personal information options on the left. Or enter your username and password for your account if you have already created one.

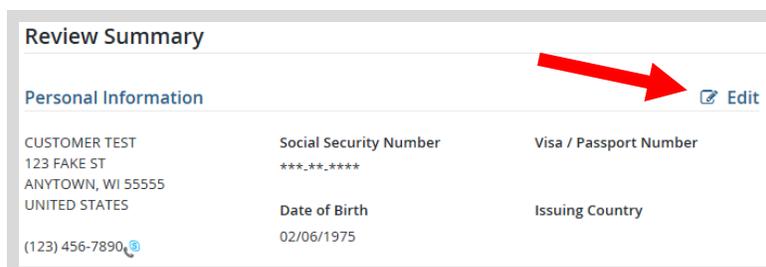

The image shows the "Access your Account" form. It is split into two columns. The left column is titled "Enter Your Personal Information" and contains four search options: "Search by Customer Number", "Search by Social Security Number", "Search by Driver's License Number", and "Search by Visa / Passport Number". The right column is titled "Already have a Username & Password?" and contains a "Login below" section with "Username Required" and "Password Required" fields, a "Forgot password?" link, and a green "Sign in" button.

- **Welcome Back!** Enter your driver license information (optional). If you do not wish to enter your driver license, leave both the DL state and DL number blank. Next indicate your state residency (Wisconsin resident or nonresident). If you are unsure of your state residency, select the [Help me decide](#) link. *Note: To change your residency from nonresident to resident, all customers age 18 and over must include a WI driver license number.*

The image shows the "Welcome Back, CUSTOMER!" form. It features a blue header with instructions: "Enter your Driver's License number and issuing state if you have one, below. Only Wisconsin Driver's Licenses can be validated by the Dept of Transportation, if your license is validated, you can use your Wisconsin Driver's License as your hunting and/or fishing license in most instances (paper licenses are still required on boundary and outlying waters). Note: State law prohibits the use of a Wisconsin state identification card as a hunting and/or fishing license." Below this are three input fields: "Social Security Number" (masked as ***-**-7968), "Driver's License Issuing State" (a dropdown menu set to "Select"), and "Driver's License ID". A "Residency Required" section asks "Are you a Resident of the State of Wisconsin?" with radio buttons for "RESIDENT" and "NON-RESIDENT", and a "Help me decide" link. A "Cancel" button and a green "Next" button are at the bottom.

- **Review Summary.** Check your personal information for accuracy. If changes need to be made, select the  [Edit](#) icon. If everything is correct, select the  button.

The image shows the "Review Summary" form. It has a title "Review Summary" and a sub-section "Personal Information". Below this is a table of personal information: "CUSTOMER TEST", "123 FAKE ST", "ANYTOWN, WI 55555", "UNITED STATES", "(123) 456-7890", "Social Security Number", "***-**-****", "Date of Birth", "02/06/1975", "Visa / Passport Number", and "Issuing Country". A red arrow points to the "Edit" icon in the top right corner.
