

# HOW TO LOG INTO AN ORGANIZATION ACCOUNT ONLINE

## STEP 1: Log in / create your Go Wild account

- Visit the website [gowild.wi.gov](http://gowild.wi.gov). If you have already set up a username/password for your account, you may log in directly using that. If you have not yet created a username/password, use the “Account Lookup” option to search for your account or create a new account if necessary.

- **Search for your account** - First find your account by selecting the “Organizational Account Search” button.

- **Search by Customer Number.** You will need your customer number for your business. Enter it and the first 3 letters of your organization name. Select the “Submit” button when finished.
  - Dealers: The customer number is the same as your Dealer ID. This number can be found on your dealer renewal notice; ATV/UTV, OHM and snowmobile dealers may find this number on the dealer certificate.

- **Manage Account Security.** 1) Once your account is found, enter a unique **username** that you will use to log into your account in the future. 2) Create a **password** and enter it twice for confirmation. 3) Create a **Security question and answer**. This is used as a security measure should your username or password become “locked”. Use the guidelines listed on the page to create these items. Select “Save Changes” when finished.

**Login to access your account.** After successfully creating your account, you will be sent a welcome email message. To login to Go Wild, enter the username and password you just created; you will use the username and password to access your account online for all future transactions.

- **Review Summary.** Review your account profile and personal information for accuracy. If changes are needed, select the “Edit” button in the upper right. Be sure to answer the mailing preference question and select “Yes.” Use the ? icons for help.
