

Citizen Resolution # 090621

(For Hearing Officer completion)

Lake Wissota Walleye Regulations

Whereas the current walleye regulations are Only three walleye less than 14" may be kept except one may be over 18" were set in 1999 or 2000 and have not met goals of improving walleye size structure and have greatly reduced walleye angler enjoyment.

Would you support the Conservation Congress working with the DNR and state legislature to change walleye regulations for Lake Wissota Chippewa county to as follows: only three walleyes 12" to 16" may be kept except one may be over 24"? I believe this will protect the spawning size walleyes in this slow growth water's also increase angler satisfaction in allowing a better size walleye harvest

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
