

Citizen Resolution # 090821

(For Hearing Officer completion)

WCC renew support for wolf goal of 350 or less

Whereas the Wisconsin Conservation Congress overwhelmingly supported a resolution in 2011 favoring 350 or less wolves in the wolf management plan; And, whereas there are many farm and wildlife organizations that support this goals, along with 36 county board resolutions; And, whereas the Wisconsin wolf estimated wolf population, as measured at its lowest point in 2020, was determined to be a most probable population number of 1195; And, whereas the Wisconsin wolf depredations, harassments, and threats list has reached higher numbers since the harvest years of 2012 to 2014; Therefore, would you support the Wisconsin Conservation Congress renews support for the previously approved wolf goal of 350 or less in the upcoming wolf management plan deliberations in Wisconsin?

Resolutions introduced at each Spring Hearing are public documents under Wisconsin's Open Records law [ss. 19.31-19.39, Wis. Stats.] and will be posted online for the public to review. Any personally identifiable information will be available to the public but will only be used by the Department for administrative purposes.

Please print typed resolution on 8 ½ X 11 white paper (one-sided) and provide the WCC County Chair with TWO COPIES at the spring hearing. Only the individual author or designated representative may present the resolution. The author or designated representative must be present at the time the resolution is introduced. No more than two resolutions may be introduced by any person during the Congress portion of the spring hearings.

Contact one of your [local WCC delegates](#) with questions or for assistance with writing your resolution.
