

Citizen Resolution # 170121

(For Hearing Officer completion)

Open the Hoffman Hills State Recreation Area for Spring Turkey Hunting Seasons

Currently the 715 acre Hoffman Hills Recreation Area is only open for hunting during the nine-day November gun deer season. This resolution proposes opening the area for spring turkey hunting as well. Hoffman Hills is a great public resource that is only used for hiking and picnicing during the spring season. Opening the area to spring turkey hunters would offer additional opportunities for the public to enjoy this state resource. If opening the area to all day turkey hunting would not be desired then opening the area for morning hours hunting should be considered. Do you support opening Hoffman Hills hills recreation area to spring turkey hunting as described?
